How To Master Your iPad 3: In-Depth Guide To Jail Breaking Apps,Features And Exclusive Secrets is for anyone that loves the products from Apple especially if they are intrigued and even excited by the iPad 3. Of course upon receiving your iPad3 you will want to know just how much you can get done with it. you will want to go through all the features and know what apps you can get on the device. This is where “ iPad 3 Secrets: How To Get The Most From Your iPad ” fits in. it is a book written by a self proclaimed techie that has all the information that you could ever need to get even more great features on your new iPad. The book devotes considerable space to jailbreaking, what it is, what are the advantages of doing it and the best reasons to do it. The author leaves it to the reader to make the decision of whether or not they want to jailbreak their device. This is because not everyone is able to do jailbreaking correctly or deal with the challenges that can come up if something goes wrong. Everything is presented in sequential order and can quickly be read and understood by all, even the person in the room without much technological knowledge. The aim of this book is to provide the most current information possible about the iPad 3 and how one can get the most out of the device.

With iPhone Hacks, you can make your iPhone do all you'd expect of a mobile smartphone -- and more. Learn tips and techniques to unleash little-known features, find and create innovative applications for both the iPhone and iPod touch, and unshackle these devices to run everything from network utilities to video game emulators. This book will teach you how to: Import your entire movie collection, sync with multiple computers, and save YouTube videos Remotely access your home network, audio, and video, and even control your desktop Develop native applications for the iPhone and iPod touch on Linux, Windows, or Mac Check email, receive MMS messages, use IRC, and record full-motion video Run any application in the iPhone's background, and mirror its display on a TV Make your iPhone emulate old-school video game platforms, and play classic console and arcade games Integrate your iPhone with your car stereo Build your own electronic bridges to connect keyboards, serial devices, and more to your iPhone without "jailbreaking" iPhone Hacks explains how to set up your iPhone the way you want it, and helps you give it capabilities that will rival your desktop computer. This cunning little handbook is exactly what you need to make the most of your iPhone.
