A highly illustrated reference to all aspects of jazz dance by one of the art's most respected teachers.

Human Kinetics ' Interactive Dance Series includes Beginning Tap Dance, Beginning Ballet, Beginning Modern Dance, and now Beginning Jazz Dance and Beginning Musical Theatre Dance. These titles are the traditional dance courses taught through dance, physical education, and fine arts departments for general education students, dance majors, and minors. Using the steps to success model and adaptations from the Outdoor Adventure series, these beginning dance titles contain components from these previous series. Beginning Jazz Dance is the perfect resource for helping students gain a strong foundation of beginning jazz dance techniques. Written by jazz dance choreographer and professor James Robey, this text • prepares students to have a successful experience in a beginning jazz dance technique course; • includes 80 photos accompanied by descriptions that visually present the beginning jazz dance technique and dance concepts that will reinforce and extend classroom learning; and • introduces students to the history, artists, significant works, styles, and aesthetics of the genre so they understand dance as a performing art. In addition, Beginning Jazz Dance comes with a web resource that includes 55 photos and 125 video clips of basic jazz dance technique. Students can access these photos and videos at any time for their study or practice, and instructors and students alike will benefit from the wealth of resources on the website, including assignments, worksheets, glossary terms with and without definitions, interactive chapter quizzes, and web links to help students develop their basic knowledge and skills. Through the text, students learn these aspects of jazz dance: • The core concepts of jazz dance, the value of studying jazz dance, and class expectations • The structure of a jazz dance class, the roles of everyone in the studio, and how to be physically and mentally prepared for class • Tips on injury prevention, nutrition guidelines, and basic anatomy and kinesiology as applied to movement in jazz dance • Basic body alignment and positions in jazz dance • Jazz walks, kicks, turns, leaps, and floor work Beginning Jazz Dance provides students with the context, background information, and basic instruction they need in order to understand the genre and appreciate jazz dance as a performing art. This text, with its companion web resource, is ideal for dance majors, dance minors, and general education students enrolled in beginning jazz dance technique courses. It is also suitable for students in performing arts and magnet schools and high school dance programs.

Jazz dance and its inherent music is recognized as one of the original and most potent art forms of the last two centuries. From its African roots to our present-day global dance community, the jazz idiom has afforded a cross-fertilization with all other artistic, cultural and social representations within the arts industry, providing an accessible dance platform for dancers, teachers and creatives to enjoy both

recreationally and professionally. The Essential Guide to Jazz Dance offers a practical and uncomplicated overview to the multi-layered history, practices and development of jazz dance as a creative and artistic dance form. It covers the incredible history and lineage of jazz dance; the innovators, choreographers and dance creatives of the genre; specifics of jazz aesthetic, steps and styles; a detailed breakdown of a practical jazz dance warm-up and technical exercises; creative frameworks to support development of jazz dance expression and aesthetic; performance and improvisation; jazz music and musical interpretation, and finally, choreographing and creating jazz works. With over 230 colour photos and a wealth of tips and advice, this new book will be an ideal reading companion for dancers of all abilities, dance teachers, choreographers as well as all jazz dance enthusiasts.

Many books have been written about Freemasonry. However, there has been very little written and published in the area of Royal Arch Masonry. To the best of my knowledge, there has only been three books published in the last one hundred and fifty years. (1) Sheville and Gould's Guide to the Royal Arch Chapter in 1867 and 1980; (2) Trunbull and Denslow's A History of Royal Arch Masonry published by the General Grand Chapter in 1956 and 1993; and (3) Steinmetz's The Royal Arch Its hidden Meaning in 1946 and 1979. This book, The History and Symbolism of Royal Arch Masonry fills this void with a clear and accurate analysis of Capitular Masonry. This book covers the world history, U.S. history, and the symbolic content of each of the four major Capitular degrees; the Mark Master, the Past Master, the Most Excellent Master, and Royal Arch, a degree considered by many to be the cope-stone of Masonry. It also covers the Order of Anointed High Priesthood. A chapter is devoted to the history and purposes of that fraternal body that is the mother lode of Capitular Masonry, the General Grand Chapter of Royal Arch Masons, International. A chapter is devoted to Royal Arch Masonry in England, Ireland, and Scotland. This book deals with facts, not myths. Historical quotes are used throughout the book in support of its historical analysis. Many original illustrations adorn the book. Comments by several leading Masons serve to illustrate the importance and strengths of this book. Larry E. Gray, General Grand Scribe, General Grand Chapter Arch Masons, International, writes, "It matters not whether the reader is a casual reader of Masonic materials, or a devout member of the fraternity seeking further light in Masonry; this book is uncomplicated reading, factual and written in layman's terms." Robert M. Seibel, M.W. Past Grand Master, Grand Lodge of F & A. Masons of Indiana writes, "The History and Symbolism of Royal Arch Masonry, will serve Royal Arch Masons throughout the English speaking world in their search for further light in Masonry. I recommend this scholarly expose in your Masonic adventures." Dennis J. Anness, Past Grand High Priest, Grand Chapter of Royal Arch of Indiana writes, "The author of this book writes in a clear and concise manner that serves all readers well. Whether you are a student of Masonic studies, or have an idle curiosity in the field, or have no knowledge of Masonry, this work is for you." Marion K. Crum, Past Illustrious Master, Grand Council of Cryptic Masons of Indiana writes, "In addition to being written in a clear, concise and understandable manner, he has eliminated many of the myths that have been attached to much of the writings of Freemasonry."

"Undergrad text for general-education courses helps students fulfill fine arts credits. This text will help students form a connection to and appreciation for dance as both an art form and a lifetime physical activity, no matter their primary course of study or eventual career path"--

For the beginning, intermediate or advanced student of any age, this complete body warm-up also provides an introduction to Luigi's lyrical jazz style and technique.

Evolution of VOP - Warm up - Basic movements - Movements from basic to advanced - Connect the movements - Contains photographs demonstrating Hatchett's dance moves, accompanied by hints on alignment, technique and stylization.

Even people with the barest interest in Broadway can recognize the unique, angular, sensual style of Bob Fosse. With its small gestures and isolated movements, it is frequently copied--and often misinterpreted. For there is far more to it than bowler hats and white gloves, which is why choreographer Debra McWaters has put together the ultimate visual and verbal guide to Fosse's way of dancing, choreographing, and teaching. Using hundreds of photographs, as well as descriptions from Fosse himself, McWaters guides dancers and teachers through the process of understanding the intricacies of this style of jazz dance. An assistant to Gwen Verdon on Fosse, a long-time associate of Ann Reinking, and personal choreographer for Ben Vereen, McWaters is uniquely situated to write this book. The Fosse Style provides facts, not guesswork, about how to execute Fosse's signature movements, information handed down from an illustrious list of artists and performers. It closes with a sample dance featuring Fosse's signature moves. No dancer or fan of such shows as The Pajama Game, Damn Yankees!, Sweet Charity, Cabaret, Pippin, or Chicago can afford to be without this book.

Explores the history of jazz and tap dancing, what is involved in becoming a dancer, and what to look for when watching a jazz or tap dancing performance.

The famous, the infamous, and the unjustly forgotten—all receive their due in this biographical dictionary of the people who have made Chicago one of the world ' s great cities. Here are the life stories—provided in short, entertaining capsules—of Chicago ' s cultural giants as well as the industrialists, architects, and politicians who literally gave shape to the city. Jane Addams, Al Capone, Willie Dixon, Harriet Monroe, Louis Sullivan, Bill Veeck, Harold Washington, and new additions Saul Bellow, Harry Caray, Del Close, Ann Landers, Walter Payton, Koko Taylor, and Studs Terkel—Chicago Portraits tells you why their names are inseparable from the city they called home.
