Learn the relationship-building secrets that lead to lifelong clients, repeat customers, and endless referrals In today's commoditized marketplace, no matter what product or service you sell, there's probably someone somewhere able to offer it cheaper, faster, and maybe even better. So how do you differentiate yourself from your competitors? The Connectors shows that the only thing that truly sets you apart is the quality of your relationships with your clients and customers. Everyone knows that relationships are important in business. Yet most people would admit that their relationships could be better—but don't spend time working on the underlying skills. This book explains how to develop better, more profitable connections—as illustrated proven by some of the world's most successful professionals. Even if you're not a "people person," you can dramatically grow your business or your career through a few simple approaches to relationship-building. The Connectors presents a five-step methodology that lead to lifelong clients, repeat customers, and endless referrals. Inside, you'll learn how to: Stop networking and start truly connecting Create an avalanche of referrals and an army

of happy customers Become a "connector," even if you've never been a "people person" Find your social IQ—and improve it Put relationship-building principles to work daily Focus on others and reap the rewards yourself Ask the right questions—and sell without selling Differentiate yourself through the impact you have on others In *The Connectors*, Maribeth Kuzmeski, founder of Red Zone Marketing, LLC, and consultant to Fortune 500 firms, shows you how to build profitable, long-lasting business relationships.

"Reimagining the California Lawn" features water-conserving plants from around the world and offers design ideas and practical solutions to help you create a vibrant garden that complements our mediterranean climate. From greenswards and meadows to succulent and kitchen gardens, this book presents alternatives to the traditional lawn that can reduce water use, beautify the landscape, and attract birds and butterflies. The authors of "Reimagining the California Lawn"—Carol Bornstein, David Fross, and Bart O'Brien—are visionary horticulturists who wrote the award-winning book "California Native Plants for the Garden." With this new publication, they share their passion for water-wise plants and landscapes to help Californians discover the many possibilities and pleasures that come with reimagining the lawn. If you are thinking about removing or reducing your lawn, this inspiring book is the perfect companion to help you begin the process. Its detailed text provides information about how to plan, install, and maintain an attractive landscape that can replace your lawn and describes hundreds of water-thrifty plants from California and other mediterranean climates of the world. "Reimagining the California Lawn" is illustrated with more than 300 color photographs and offers a variety of plant palettes to choose from as you begin the process of creating a more sustainable landscape.

Named one of the Best Romance of 2020 by EW, Washington Post, NPR, and Bookpage! Meet the SOCIETY OF SIRENS—three radical, libertine ladies determined to weaponize their scandalous reputations to fight for justice and the love they deserve... She's a Rakes on a quest for women's rights... Seraphina Arden's passions include equality, amorous affairs, and wild, wine-soaked nights. To raise funds for her cause, she's set to publish explosive memoirs exposing the powerful man who ruined her. Her ideals are her purpose, her friends are her family, and her paramours are forbidden to linger in the morning. He's not looking for a summer lover... Adam Anderson is a wholesome, handsome, widowed Scottish architect, with two young children, a business to protect, and an aversion to scandal. He could never, ever afford to fall for Seraphina. But her indecent proposal—one month, no strings, no future—proves too tempting for a man who strains to keep his passions buried with the losses of his past. But one night changes everything... What began as a fling soon forces them to confront painful secrets—and yearnings they thought they'd never have again. But when Seraphina discovers Adam's future depends on the man she's about to destroy, she must decide what to protect... her desire for justice, or her heart.

"California Native Plants for the Garden" is a comprehensive resource that features more than 500 of the best California native plants for gardening in the Mediterranean-climate areas of the world. Authored by three of the state's leading native-plant horticulturalists and illustrated with 450 color photos, this reference book also includes chapters on landscape design, installation, and maintenance. Detailed lists of recommended native plants for a variety of situations are also provided.

For the aficionado of farm equipment, or the scion of an old farming family nostalgic for the old days, or the grown-up boy who still loves a classic piece of old-time machinery, the vintage tractor can be a thrilling find like no other. This book tells dozens of stories of such discoveries, of the treasured old tractor parked in a shed since 1927, of the pristine model unearthed at an estate sale, of the broken-down old beauty stashed in a barn where generations of children have made their secret hideaways. These are the classic tractors that are often as hard to find as a needle in a haystack—but far more fun to discover, as all of these delightful stories make abundantly clear.

Restoration is one thing. Correct restoration is quite another! This extensively researched, beautifully illustrated book describes in detail the correct paint and decals for your Letter Series or McCormick-Deering tractor. Filled with factory drawings indicating decal placement, instructions for factory paint and finish of individual parts, and more for the Farmall A, B, C, H, M, and Cub; the McCormick-Deering -4, -6, and -9; and the Super Series and -TA tractors.
