In this second edition of Orchestral “Pops” Music: A Handbook, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful “pops” concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral “pops” concerts that is comprehensive, informative, and current. Manning’s emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of Orchestral “Pops” Music includes at least 1,000 new title listings. Orchestral “Pops” Music: A Handbook is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

(Beginning Piano Solo Songbook). 14 of Williams' most beloved themes from movies arranged so even beginning pianists can sound great, including: Harry's Wondrous World * Hymn to the Fallen * The Imperial March (Darth Vader's Theme) * Theme from "Jaws" * Theme from "Jurassic Park" * Raiders March * Rey's Theme * Theme from "Schindler's List" * Star Wars (Main Theme) * and more.

Written for easy recorder, this book features big, easy-to-read notes, a beginner's guide to playing the recorder, and a clear, simple introduction to reading music. Seven of the most well-known Star Wars themes and melodies are included. Titles: * Star Wars (Main Theme) * May the Force Be with You ("The Force Theme") * The Imperial March ("Darth Vader's Theme") * Princess Leia's Theme * Duel of the Fates * Yoda's Theme * The Throne Room (and End Title)

A comprehensive introduction to film music for the general student, the film historian, and the aspiring cinematographer. It is a historically structured account of the evolution of music in films. The book is arranged as a chronological survey and includes biographical sketches on many important film composers in addition to the development of the films themselves.

Sound: qualities of sound Qualities of sound: pitch Qualities of sound: duration Qualities of sound: intensity Qualities of sound: timbre The organization of sound: rhythm, melody, texture The structure of music: musical form Content and function of music: music genre Music in Andalusia Annex
