This book explains what made Alexander 'Great' according to the people and expectations of his time and place.

From the author of the Agatha Raisin television series...DEATH OF A CHIMNEY SWEEP: A Hamish Macbeth Mystery  
In the south of Scotland, residents get their chimneys vacuum-cleaned. But in the isolated villages in the very north of Scotland, the villagers rely on the services of the itinerant sweep, Pete Ray, and his old-fashioned brushes. Pete is always able to find work in the Scottish highlands, until one day when Police Constable Hamish Macbeth notices blood dripping onto the floor of a villager's fireplace, and a dead body stuffed inside the chimney. The entire town of Lochdubh is certain Pete is the culprit, but Hamish doesn't believe that the affable chimney sweep is capable of committing murder. Then Pete's body is found on the Scottish moors, and the mystery deepens. Once again, it's up to Hamish to discover who's responsible for the dirty deed--and this time, the murderer may be closer than he realizes.

Despite her valiant efforts, Paige Alder seems stuck in chaos. Her new job as youth intern keeps her hopping from coffee shop to coffee shop all summer long, but at least she's loving the one-on-one time she gets to spend with the girls. The unfortunate side-effect is that now, four weeks of laundry fills her apartment. Plus, she barely has time to help her sister and best friend with their weddings! And even worse? Something is definitely wrong between her and Tyler. She apologized for what he thought he saw happen with Luke. Can't they move past it? Or could there be something he's not telling her—something that could change everything? This is the third and final book in the Paige Alder series.

A surfer, photojournalist, and author describes his two-year odyssey from Mexico to Central America to search for his missing long-time friend and surfing companion, Christopher Conner, and his bizarre adventures along the way.

Since childhood, homicide detective Michael Bennett has been cursed with the ability to converse with the 'immediate dead'. This ability has given him access to the most important witness at every murder scene; the victim. Nicknamed The Reaper by his colleagues, and isolated by his gift, Bennett prefers to work alone. When Sandy Cooper becomes the newest in a long string of partners assigned to Bennett, she quickly realizes there's something very different about him. When doctors begin dying in brutal fashion, the unlikely partners must overcome not only their differences, but their pasts to stop a killer out for revenge.
