A James Beard Award-winning chef tells the story of Seattle ’ s popular restaurant, Lark, and shares his recipes for the local seasonal cuisine that has made it a Northwest destination for over ten years. Now available in paperback. Lark is John Sundstrom ’ s culinary homage to the Pacific Northwest, inspiration for his rustic yet elegant cuisine. In this new edition Sundstrom adds a chapter of his restaurant ’ s favorite everyday kitchen staples, including recipes for cordials and syrups, house-made pasta, mayonnaise, dressings, breads, and smoked and pickled foods. Lark celebrates the distinctly moody and majestic Northwest and its bounty of ingredients with more than 100 recipes and stunning full-color photographs.

When sixteen-year-old Lark Austin is kidnapped from her Virginia hometown and left to die in a snowy forest, she leaves behind two friends who are stunned by the loss. As Lark's former best friend, Eve can't shake the guilt that this tragedy was somehow her fault. Meanwhile, Nyetta is haunted each night by Lark's ghost, who comes through the bedroom window and begs Nyetta to set her soul free. Eve and Nyetta realize that Lark is trapped in limbo, and only by coming together to heal themselves will they discover why. Tracey Porter's stunning narrative about love and loss demonstrates that forgiveness can never come too late.

Conflating her own childhood experiences with those of a celebrated Wagnerian soprano of her day, Willa Cather here introduces Thea Kronborg, a Scandinavian-American singer who rises from a one-story town in Colorado to the Metropolitan Opera House. Along the way she learns her own capacity for the rigorous demands of artistic excellence, and how few of her colleagues are willing to sacrifice ordinary vanities for exacting professional standards. Exhausted and depressed by the mediocrity around her, she seeks respite in the southwestern desert, where she has the epiphany that will transform her vision and her art. Characteristically, Cather uses the western landscape in The Song of the Lark both to reflect her heroine's inner life and to fire her imagination.

Every unique photograph begins with an original point of view The first book in a brand-new photographic series--shot mostly by amateurs--about seeing the world from a brand-new perspective! Amateurs, by definition, work for love alone--so what subject could be more fitting for the first entry in a brand-new series focusing on the art of the amateur photographer than that potent symbol of love: the heart? Through their snapshot-hungry eyes, these photographers glimpse hearts everywhere: in graffiti scrawled on an alleyway wall, in paper cut by a child, and in nature ’ s worn stones scattered on a forest floor. All that ’ s necessary is to open our eyes...which is what this collection inspires us to do.

Things are tense at home for Nicky and Kenny. Their mum's coming to visit and it will be the first time they've seen her in years. A lot has changed since they were little and Nicky's not so sure he's ready to see her again. When they head for a trek across the moors to take their minds off everything, a series of unforeseen circumstances leaves the brothers in a vulnerable and very dangerous position. There might even be a chance that this time not everyone will make it home alive.A thrilling adventure intertwined with a poignant tale of brotherly love, Lark is a masterclass in storytelling and the perfectly pitched endnote to these critically acclaimed novellas.

Set against the backdrop of the Korean War in the 1950s, a novel about family, the repercussions of war, and the bonds that sustain personal relationships focuses on a single family--Lark, her brother Termite, their mother Lola, and Termite's soldier father, Robert Leavitt.

This ground-breaking book, with its many new techniques and concepts, brings predictive astrology into a world of its own. Covers techniques and methods necessary for making accurate astrological predictions. Learn to reveal the future and put various aspects of life into perspective.

Robert Kehew augments his own verse tranlations with those of Pound & Snodgrass, to provide a collection that captures both the poetic pyrotechnics of the original verse & the astonishing variety of troubadour voices.

Lark Rise to Candleford captures a piece of social history in this ever popular fictional account of an English rural upbringing between the wars. Part of the Macmillan Collector ’ s Library, a series of stunning, clothbound, pocket sized classics with gold foiled edges and ribbon markers. These beautiful books make perfect gifts or a treat for any book lover. This edition contains all three books – Lark Rise, Over to Candleford and Candleford Green with an introduction by Bill Gallagher, screenwriter of the hugely popular BBC television adaptation. Laura Timms spends her childhood in a country hamlet called Lark Rise. An intelligent and enquiring child, she is always attentive to the way of life around her – the lives of a farming community and nature as it transforms through the seasons, their working lives together and their celebrations. Whilst much is to be admired and cherished about her community, when she looks back on it as an adult she doesn ’ t shy away from describing hardship too. Laura attends the village school and leaves at the age of fourteen to work for the postmistress of the village of Candleford. There her eyes are opened to wider horizons.

'A charming and brilliantly entertaining novel... shot through with the light-hearted Nesbit touch' Penelope Lively, from the introduction "When did two girls of our age have such a chance as we've got - to have a lark entirely on our own? No chaperone, no rules, no..." "No present income or future prospects," said Lucilla. It's 1919 and Jane and her cousin Lucilla leave school to find that their guardian has gambled away their money, leaving them with only a small cottage in the English countryside. In an attempt to earn their living, the orphaned cousins embark on a series of misadventures - cutting flowers from their front garden and selling them to passers-by, inviting paying guests who disappear without paying - all the while endeavouring to stave off the attentions of male admirers, in a bid to secure their independence. To come upon any Nesbit today, hitherto unread... is like receiving a letter from a friend whom you have believed dead' New York Times 'A wry, charming delight of a book' The Pool
