Talking to the prettier of two girls is a good idea. If you answered false to all three questions, you just might be a PUA (pickup artist.) Otherwise, you are an AFC (average frustrated chump.) If you think that's crazy, consider this: these

The critically acclaimed, award-winning, modern classic Speak is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's Speak: The Graphic Novel comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

Meet Dolores Price. She's thirteen, wise-mouthed but wounded. Beached like a whale in front of her bedroom TV, she spends the next few years nourishing herself with the chocolate, crisps and Pepsi her anxious mother supplies. When she finally rolls into young womanhood at 257 pounds, Dolores is no stronger and life is no kinder. But this time she's determined to rise to the occasion and give herself one more chance before really going belly up. In his extraordinary coming-of-age odyssey, Wally Lamb invites us to hitch an incredible ride on a journey of love, pain, and renewal with the most heartbreakingly comical heroine to come along in years. At once a fragile girl and a hard-edged cynic, so tough to love yet so inimitably loveable, Dolores is as poignantly real as our own imperfections.

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

The astonishing, uplifting story of a real-life Indiana Jones and his humanitarian campaign to use education to combat terrorism in the Taliban's backyard Anyone who despairs of the individual's power to change lives has to read the story of Greg Mortenson, a homeless mountaineer who, following a 1993 climb of Pakistan's treacherous K2, was inspired by a chance encounter with impoverished mountain villagers and promised to build them a school. Over the next decade he built fifty-five schools—especially for girls—that offer a balanced education in one of the most isolated and dangerous regions on earth. As it chronicles Mortenson's quest, which has brought him into conflict with both enraged Islamists and uncomprehending Americans, Three Cups of Tea combines adventure with a celebration of the humanitarian spirit.

A monumentally devastating plague leaves only a few survivors who, while experiencing dreams of a battle between good and evil, move toward an actual confrontation as they migrate to Boulder, Colorado.

A compelling sympathy of the faiths that fill the gap between who we set out to be and who we ultimately become A powerful debut novel about a priest who has lost his church, his mentor, and, most upsetting, his ability to pray. How can Father Dominic protect or guide his parish when everything he loves falls away? How can he counsel Dolores, a troubled teenager prone to emotional panic and spiritual monomania? Or James, a promising African American pianist, struggling to realize his artistic ambitions by bringing his own voice to a piece that has been played by the world's most brilliant pianists, Bach's Goldberg Variations. Into this malaise comes Andrea, a sophisticated New York editor attracted at first by Dom's blog and then by the man himself. Dom's journey from the cloth into the secular world will offer carnal knowledge, but also something deeper, a more resistant knowledge as life fails to offer happiness or redemption. In prose both searching and muscular, John Donatich's The Variations has located the right metaphor for our spiritual crisis in this story of one man's spiritual disillusion and ache for self-knowledge.
