In addition to reprinting the PDF of the CMS CoPs and Interpretive Guidelines, we include key Survey and Certification memos that CMS has issued to announced changes to the emergency preparedness final rule, fire and smoke door annual testing requirements, survey team composition and investigation of complaints, infection control screenings, and legionella risk reduction.

In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks—content is still king. Until now. Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Elington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

This book explores some of the risks associated with sustainable peace in Colombia. The book intentionally steers away from the emphasis on the drug trade as the main resource fueling Colombian conflicts and violence, a topic that has dominated scholarly attention. Instead, it focuses in the links that have been configured over decades of armed conflict between legal resources (such as bananas, coffee, coal, flowers, gold, ferromickel, emeralds, and oil), conflict dynamics, and crime in several regions, of Colombia. The book thus contributes to a growing trend in the academic literature focusing on the subnational level of armed conflict behavior. It also illustrated how the social and economic context of these resources can operate as deterrents or as drivers of violence. The book thus provides important lessons for policymakers and scholars alike: Just as resources have been linked to outbreaks and transformations of violence, peacebuilding too need to take into account their impacts, legacies, and potential.
