Legion (Novel) - Warhammer 40k - Lexicanum

From the great Dan Abnett, this is a different side of the Horus Heresy, featuring the secretive and duplicitous Alpha Legion. Pick this up if you like covert ops, espionage, psykers and a look at the Space Marine Legions through the eyes of the regular Imperial Army of the 31st Millennium. Different from the gothic epic feel of the other Horus books, it reads more like a spy novel with a bit ...

Legion is for the most part a thriller, very much in the vein of early Frederick Forsyth. It's well structured, deftly written and filled with interesting and compelling characters. If Abnett has a weakness, it's his fondness for deus ex machina (most of the early Gaunt's Ghosts novels) but here it truly plays to the novel's strength.

TL;DR: Dan Abnett is a godly writer who expresses Humanity Fuck Yeah! in the most epic way possible. Perhaps his only weakness is his marked preference for human vs human works. The number of his works that feature Xenos prominently can be counted with your hands. For those who are tired of Chaos, this can be a bad thing.

Legion is by far one of, if not, the best books in the Horus Heresy saga that I have read. Dan Abnett is a truly talented writer who captures the grim and depressing lives of the lowest of human soldiers to the fear-inducing and awe-inducing persona of a Space Marine in the 40K universe with absolute perfection. This novel covers a range of ...

Dan Abnett (AQUAMAN, Guardians of the Galaxy) and Andy Lanning's (THE AUTHORITY, Guardians of the Galaxy) legendary run chronicling the Legion of Super-Heroes' adventures are collected here in THE LEGION BY DAN ABNETT AND ANDY LANNING VOL. 1. Joined by superstar artist Olivier Coipel (Mighty Thor), the creative team introduces an uncertain and exciting future for its greatest heroes with gripping characterization, cosmic-level threats and epic sci-fi storytelling! Earth at the end of the 30th century. A super-modern age, and the pinnacle of human cultural endeavors. Then came the Blight. Who they are is irrelevant. What matters is what this highly advanced, techno-organic culture wants: the life energies of the worlds they come across. Upon infiltrating the United Planets' means of hyper-accelerated interstellar transportation, the Blight entwines Earth and destroys its forces within hours. Where life once flourished, it now deteriorates. And those who don't die meet a worse fate: they become of the Blight. That includes the Legion of Super-Heroes, the U.P.'s young champions. Unable to fend off the invaders, their once-great numbers now serve the Blight and hunt down the last resisting Legionnaires—the ones looking to find enough survivors and open one last Stargate to freedom. Earth, the United Planets, the Legion of Super-Heroes—they're all damned. Collects LEGIONNAIRES #78-81, LEGION OF SUPER-HEROES #122-125 and LEGION OF SUPER-HEROES SECRET FILES #2.

Book 14 in the much loved series, "The Horus Heresy: Primarchs" Legends abound of the glorious – or infamous – deeds of the Emperor's sons. Yet almost nothing is known of Alpharius, the most mysterious of them all, for the Lord of the Alpha Legion is unparalleled in the art of obfuscation. Such are his gifts of secrecy and deceit that even his rediscovery has remained an enigma – until now. But when the tale comes from the serpent 's mouth, where does the deception end and the truth begin?

Book eight in the New York Times bestselling series Now that the news of Horus's Treachery is in the open, a time of testing has come. As Horus deploys his forces, loyalist Astartes learn that the Wordbearers are sending a fleet to Ultramar, home of the Ultramarines. Unless they can intercept and destroy it, the Ultramarines may suffer a blow from which they will never recover. Battle for the Abyss continues the epic tale of the Horus Heresy, a galactic civil war that threatened to bring about the extinction of humanity.

The Legion of Superheroes finds itself stranded in a distant galaxy, on the home planet of the vicious alien race known as the Progeny. Can the Legion overcome the Progeny and still make their way back home to Earth?

Kage and the convict soldiers of the Thirteenth Legion, members of the Last Chancers penal battalion, embark on a deadly battle for survival and for redemption in the eyes of the immortal emperor. Original.
