Like The Group. Mary McCarthy's classic tale about coming of age in New York. Joanna Smith Rakoff 's richly drawn and immensely satisfying first novel details the lives of a group of Oberlin graduates whose ambitions and friendships threaten to unravel as they chase their dreams, shed their youth, and build their lives in Brooklyn during the late 1990s and the turn of the twenty-first century. There's Lil, a would-be scholar whose marriage to an egotistical writer initially brings the group back together (and ultimately drives it apart); Beth, who struggles to let go of her old beau Dave, a onetime piano prodigy trapped by his own insecurity; Emily, an actor perpetually on the verge of success -- and starvation -- who grapples with her jealousy of Tal, whose acting career has taken off. At the center of their orbit is wry, charismatic Sadie Peregrine, who coolly observes her friends' mistakes but can't quite manage to avoid making her own. As they begin their careers, marry, and have children, they must navigate the shifting dynamics of their friendships and of the world around them. Set against the backdrop of the vast economic and political changes of the era -- from the decadent age of dot-com millionaires to the sobering post-September 2001 landscape -- Smith Rakoff's deeply affecting characters and incisive social commentary are reminiscent of the great Victorian novels. This brilliant and ambitious debut captures a generation and heralds the arrival of a bold and important new writer.

So you want to learn the ins and outs of creating dance music and looking to improve your production? Then this book is just for you. No matter what genre you are interested in- trance, techno, garage, chill out, house or what tool you are working with- Abelton, Reason, Reaktor or Absynth, Snowman covers every aspect of dance music production- from sound design, compression and effects to mixing and mastering to help you improve your music. No matter what you level of experience the Dance Music Manual is packed with sound advice, techniques and practical tips to help you achieve professional results. The CD provides demo tracks showing what can be achieved when applying the advice contained in the book, including examples of the quality difference before and after mixing and mastering. The CD also contains free software demos for you to download. For even more advice and resources, check out the book's official website [www.dancemusicproduction.com](#)

Rosenberg (philosophy, U. of North Carolina-Chapel Hill) clearly analyzes the central metaphysical and moral questions pertaining to death. Revisions to the first edition (1983) include detailed elaboration of specific methodological points or argumentative strategies at the end of chapters. Paper edition (unseen), \$16.95. Annotation copyrighted by Book News, Inc., Portland, OR

This book "...explains how social media can be used to destroy as well as to build. It offers actionable strategies to prevent and prepare for disasters before they strike your company. And it shows you how creative engagement can turn critics into raving fans."--Back cover.

Death isn't unusual in the back of an ambulance\*or is it? Author Sean Fitzmorris draws on his many years of experience as a paramedic and a nurse to tell the story of Found Wanting. Marc is a veteran paramedic in New Orleans. Years of dealing with the worst of society have hardened him and left him with a dark secret. His partner, Brian, is a brand -new EMT who wants only to help everyone. Follow Marc and Brian as they respond to 911 calls. It's hard for Brian to keep his positive outlook, but what will he do when he begins to get suspicious at the unusual deaths in his ambulance?

Learn how to program with Python from beginning to end. This book is for beginners who want to get up to speed quickly and become intermediate programmers fast!
