A behind-the-scenes look at Lexus's surprising twenty-year success story--in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price--it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph--and tragedy--behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry.

In this collection of essays, Watts displays the playfulness of thought and simplicity of language that has made him one of the most popular lecturers and authors on the spiritual traditions of the East. Watts draws on a variety of religious traditions and explores the limits of language in the face of spiritual truth.

Jennifer Traig's memoir Devil in the Details paints a portrait of a well-meaning Jewish girl and her good-natured parents, and takes a very funny, very sharp look back at growing up with obsessive-compulsive disorder. Recalling the agony of growing up an obsessive-compulsive religious fanatic, Traig fearlessly confesses the most peculiar behavior like tirelessly scrubbing her hands for a full half hour before dinner, feeding her stuffed animals before herself, and washing everything she owned because she thought it was contaminated by pork fumes. Jennifer's childhood mania was the result of her then undiagnosed OCD joining forces with her Hebrew studies--what psychiatrists call scrupulosity While preparing for her bat mitzvah, she was introduced to an entire set of arcane laws and quickly made it her mission to follow them perfectly. Her parents nipped her religious obsession in the bud early on, but as her teen years went by, her natural tendency toward the extreme led her down different paths of adolescent agony and mortification. Years later, Jennifer remembers these scenes with candor and humor. In the bestselling tradition of Running with Scissors and A Girl Named Zippy, Jennifer Traig tells an unforgettable story of youthful obsession.
