Life Is Short But Wide by J. California CooperLife Is Short But Wide by J. California Cooper

In the early twentieth century, Irene and Val build a life for themselves in Wideland while also allowing neighbors Bertha and Joseph to live on their land, and the two families cope with changing times and fortunes.

Life is short. You can, if you work hard and are lucky, get more of almost anything, but you can't get more time. Time only goes one way. The average American has a lifespan of less than 30,000 days. So how you choose to live matters. That's the topic of this book. I don't pretend to have all the answers. I'm still learning every day, and many of the good ideas here I've picked up from other people either directly or by reading. But this is what's worked for me. Like life, this book is short. Many books I read could communicate their ideas in fewer pages. So I've tried to be brief in line with the wise person who noted: "If I'd had more time I would have written a shorter letter". I don't think brevity implies lack of content. The concepts here have improved the quality of my life, and I hope they're useful to you as well. Using these concepts, I have created a life I love. My job doesn't feel like work. I love and respect the people with whom I spend time. And I'm also passionate about my life outside work. I've learned how to create a balance that makes me happy between work and other interests, including my family, friends and exercise. Sadly I think that's rare. And yet, while I know I'm lucky, most people can work towards those goals in their own lives. My interest in making the most of my life began when I was just starting college, but when I was in my mid-thirties a boss I admired died of cancer. He was young. He had a great wife; he had three young children; he had a fantastic career -- he had everything in life. He just didn't have enough time. So, while I'd often thought about how to get the most out of life, the death of someone so young and vital increased my sense of urgency to act on it. One of the things I've always wanted to do was to work for myself. As a result, I left an exciting job at Microsoft in 2001 amidst the Internet bust to found the investing firm I now run. It was hard to do, both financially and emotionally. When I left Microsoft, many people - friends, family, and even some of the press - thought I was deluding myself to start a fund focused on Internet-related companies during a market crash. A press quote from the time said: "Call him a little crazy. Call him a little nuts." I'd never seen that type of coverage before. And, in a sense, the press was right; the business wasn't easy to start. Fortunately, from a vantage point of ten years down the road, it's worked out quite well. A key part of my job is reading and thinking about a broad variety of topics. So writing this book was relatively easy. It's even easier to read. But, like many things in life, actually executing each day on these concepts is extremely difficult. With thanks to Thomas Edison, life is 1% inspiration and 99% perspiration. Even so, I hope you have fun perspiring. Peter Atkins Seattle, WA December, 2010

An irresistible story of faith and perseverance, *Life Is Short But Wide* follows two families as they prove that no matter who you are or what you do, you are never too old to chase your dreams. Like the small towns J. California Cooper has so vividly portrayed in her previous novels, Wideland, Oklahoma, is home to ordinary Americans with big hearts. Among them are newlyweds Irene and Val, who graciously allow their neighbors, Bertha and Joseph, to build a house on their land. Together the couples have three daughters, all who struggle to find love and success in the changing world. But although the years may bring hardship and heartache, they also teach the importance of living one ' s life boldly and squeezing out every possible moment of joy.

Life Is Short But Wide is a fourth collection of stories by the award-winning author. It recounts the life of Josephus, a freed slave whose desire for wealth for him and his illegitimate daughter affects the whole community. It is long if you know how to use it. From the author of *Letters From A Stoic* (*Epistulae Moralis*), comes another brilliant, timeless guide to living well. Written as a moral essay to his friend Paulinus, Seneca's biting words still pack a powerful punch two thousand years later. With its brash rejection of materialism, conventional lifestyles and group-think, *On The Shortness of Life* is as relevant as ever. Seneca anticipates the modern world. It's a unique expose of how people get caught up in the rat race and how for those stuck in this mindset, enough is never enough. The 'busy' individuals of Rome Seneca makes reference to, those people who are too preoccupied with their careers and maintaining social relationships to fully examine the quality of their lives, sound a lot like ourselves. Includes biographical sketch 'Seneca The Stoic.'

Recounts the life of Josephus, a freed slave whose desire for wealth for him and his illegitimate daughter affects the whole community

Life is long if you know how to use it. From the author of *Letters From A Stoic* (*Epistulae Moralis*), comes another brilliant, timeless guide to living well. Written as a moral essay to his friend Paulinus, Seneca's biting words still pack a powerful punch two thousand years later. With its brash rejection of materialism, conventional lifestyles and group-think, *On The Shortness of Life* is as relevant as ever. Seneca anticipates the modern world. Includes biographical sketch 'Seneca The Stoic.'

The bizarre prison sex horror road trip exploding with alien invasion action! Kenrick Brimley, the state prison's official gigolo, hangs over a lava pit on trial for his life in a strange land. He will reveal the course of his life one misguided step at a time for his captors. From his romance with serial arsonist Leena Manasseh to his lurid angst-affair with a lesbian music diva, from his ascendance as unlikely pop icon to otherworldly encounters, the one constant truth is that he's got no clue what he's doing. As unrelenting as it is original, *Last Burn in Hell* is John Edward Lawson at his most scorching intensity, serving up sexy satire and postmodern pulp with his trademark day-glow prose. The Director's Cut edition includes: *Deleted scenes *Alternate ending *Photo stills *Remastering for more enjoyable viewing *And more! The critics agree: "Last Burn in Hell is an exceptional creature as far as books go...Lawson is an exception to the business of comparison in that his voice is a worthwhile addition to the chorus of authors following the trend most prominently presented in Palahniuk's body of work. An earnest, but wry honesty in writing, exploring the paradoxes of our contemporary American society." —Scott Lefebvre for *Icons of Fright* "I like writers who say things that you're not supposed to say, and Lawson ' s fiction is exhilarating in its anarchic rebelliousness—obscene, crude, sacrilegious, and explosively intelligent." —Write-aholic "From hereon forth, I will not be able to bring up Vonnegut without speaking of Lawson. John Edward Lawson could contest the throne that Chuck Palahniuk sits upon with the masses of college students looking for something different, a voice of the counter-culture." —Skullring.org "John Edward Lawson is very much a man of ideas (one need only read his poetry to understand that), and *Last Burn in Hell: Director's Cut* shows that not only is he constantly coming up with new ones, but he is also unlikely to run out of them anytime soon...it would very likely appeal to fans of *The World According to Garp*, and it deserves that large and diverse audience." —Somebody Dies "In *Last Burn in Hell*, John Edward Lawson takes us on an insane trip where predicting what happens next is virtually impossible. This book draws the reader in right from the beginning and continues to be laugh-out-loud funny and nightmarishly scary to the very end... It ranks right up there with other bizarre cult classics like *Satan Burger*." —The Swallow's Tail

And as streams of light fan out behind the darkened sun like the wings of a butterfly, I realize that I never saw real beauty until now. At Moon Shadow, an isolated campground, thousands have gathered to catch a glimpse of a rare and extraordinary total eclipse of the sun. It's also were three lives are about to be changed forever: Ally likes the simple things in life—labyrinths, star-gazing, and comet-hunting. Her home, the Moon Shadow campground, is a part of who she is, and she refuses to imagine it any other way. Popular and gorgeous (everybody says so), Bree is a future homecoming queen for sure. Bree wears her beauty like a suit of armor. But what is she trying to hide? Overweight and awkward, Jack is used to spending a lot of time alone. But when opportunity knocks, he finds himself in situations he never would have imagined and making friends in the most unexpected situations. Told from three distinct voices and perspectives, Wendy Mass weaves an intricate and compelling story about strangers coming together, unlikely friendships, and finding one's place in the universe.
