In this exceptional cultural history, Atlantic Senior Editor Ronald Brownstein— “ one of America's best political journalists (The Economist)—tells the kaleidoscopic story of one monumental year that marked the city of Los Angeles ’ creative peak, a glittering moment when popular culture was ahead of politics in predicting what America would become. Los Angeles in 1974 exerted more influence over popular culture than any other city in America. Los Angeles that year, in fact, dominated popular culture more than it ever had before, or would again. Working in film, recording, and television studios around Sunset Boulevard, living in Brentwood and Beverly Hills or amid the flickering lights of the Hollywood Hills, a cluster of transformative talents produced an explosion in popular culture which reflected the demographic, social, and cultural realities of a changing America. At a time when Richard Nixon won two presidential elections with a message of backlash against the social changes unleashed by the sixties, popular culture was ahead of politics in predicting what America would become. The early 1970s in Los Angeles was the time and the place where conservatives definitively lost the battle to control popular culture. Rock Me on the Water traces the confluence of movies, music, television, and politics in Los Angeles month by month through that transformative, magical year. Ronald Brownstein reveals how 1974 represented a confrontation between a massive younger generation intent on change, and a political order rooted in the status quo. Today, we are again witnessing a generational cultural divide. Brownstein shows how the voices resistant to change may win the political battle for a time, but they cannot hold back the future.

Rick Hart gives us a collection of stories about tending bar in a 24-hour, no-holds-barred town in the middle of the desert, aptly dubbed Sin City. An insider ’ s view on drug dealings and how the nightlife can swallow you up and, if you re not a survivor, spit you out. Each chapter contains details that recall events in the author ’ s life, the people he loved and lost, and how he prevailed over drug abuse. A moving compilation of stories from the dark side of this Las Vegas bartender ’ s life.

A biography of Linda Ronstadt, the most successful female singer of the 1970's.

Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, The Top Five Regrets of the Dying, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. The Top Five Regrets of the Dying gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the life you are truly here to live.

ON A WORLD WITHOUT CRIME A young woman's body is discovered below the Comm-Relay Bluff. Was her death an accident or something more? This is the question Ian McConnell must answer, and quickly. Ian's journey into the role of police detective is going to be the greatest challenge he has ever faced. It will be a journey of discovery. It will be a journey that takes him where no one ever imagined it would, or could. But there is one thing the journey will not be, easy. This story takes place in the same location, and with some of the same characters introduced in Circle of Life: 2115. Unfortunately, over the course of the past year at the Mars Research Colony, the Martian surface has proven to be dangerous and deadly.

Reproduction of the original: Jack Chanty by Hulbert Footner

This homage to rock collecting, assembled by “ rock artist ” Linda Kranz, celebrates rocks in all their variety, shapes, and colors. Some even resemble pieces of modern art. Others offer a glimpse into the natural beauty that surrounds us. There are rocks that are rough to the touch, and others that are as smooth as glass. There are rocks inside rocks. You can even find rocks that are shaped like a heart. There are even rocks that cling to a magnet! This book will explain how to start a rock collection, and what you might do with them, such as identifying what kind of rocks they are or even painting on them or creating scenes with their shapes. The book also advises you where NOT to collect rocks, such as certain parks and natural areas. Regardless, this book will inspire the rock hound in all of us.

Hike a trail, climb a tree! Smell the flowers, watch the birds! Explore the world! Nature is full of adventures, but sometimes it ' s easy to forget things you felt or saw. What did those animal tracks look like? How did you feel when you gazed at the starry sky on a calm, clear night? My Nature Book is the perfect place for a child to keep track of all of his or her memories. It ' s a place to draw and write about your experiences with nature, so you ' ll remember the sound of the squirrel you heard chattering, the color of the bird that landed on your lunch sack, or the way the meadow grasses waved goodbye. My Nature Book is also full of projects and ideas, such as how to make water windows and luminarias, and even how to make yummy peanut butter cookies or banana bread or muffins to take along on hiking trips. There are also lined pages for writing, blank pages for drawing, and numerous activity pages.
