Lisbon War In The Shadows Of The City Of Light 1939 1945
This fascinating chapter of the long history of Lisbon was the focus of Lisbon: War in the Shadows of the City of Light, 1939-1945 by Neill Lochery. Lisbon had a forgotten role in World War II. It was the only European city in which the Allies and the Axis power could walk freely. Portugal had escaped the war, but the war still came to Portugal.

Lisbon had a pivotal role in the history of World War II, though not a gun was fired there. The only European city in which both the Allies and the Axis power operated openly, it was temporary home to much of Europe's exiled royalty, over one million refugees seeking passage to the U.S., and a host of spies, secret police, captains of industry, bankers, prominent Jews, writers and artists, escaped POWs, and black marketeers. An operations officer writing in 1944 described the daily scene at Lisbon's airport as being like the movie □Casablanca,□ times twenty. In this riveting narrative, renowned historian Neill Lochery draws on his relationships with high-level Portuguese contacts, access to records recently uncovered from Portuguese secret police and banking archives, and other unpublished documents to offer a revelatory portrait of the War's back stage. And he tells the story of how Portugal, a relatively poor European country trying frantically to remain neutral amidst extraordinary pressures, survived the war not only physically intact but significantly wealthier. The country's emergence as a prosperous European Union nation would be financed in part, it turns out, by a cache of Nazi gold.

A haunting classic from the author of All Quiet on the Western Front, Shadows in Paradise reveals the deepest scars of the men and women who experienced the Holocaust. After years of hiding and surviving near death in a concentration camp, Ross is finally safe. Now living in New York City among old friends, far from Europe□s chilling atrocities, Ross soon meets Natasha, a beautiful model and fellow émigré, a warm heart to help him forget his cold memories. Yet even as the war draws to its violent close, Ross cannot find peace. Demons still pursue him. Whether they are ghosts from the past or the guilt of surviving, he does not know. For he is only beginning to understand that freedom is far from easy□and that paradise, however perfect, has a price. □The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure.□□The New York Times Book Review

Representing the letter □Z□ in a series of 26 collectible editions, a new design of a classic novel follows the son of an antiquarian book dealer who stumbles upon a dark secret while trying to discover why all copies of a mysterious author's books are being systematically destroyed.

Set in a luxurious grand hotel just outside Lisbon, at the height of the Second World War, Estoril is a delightful and poignant novel about exile, divided loyalties, fear and survival. The hotel's guests include spies, fallen kings, refugees from the Balkans, Nazis, American diplomats and stateless Jews. The Portuguese secret police broodingly observe the visitors, terrified that their country's neutrality will be compromised. The novel seamlessly fuses the stories of its invented characters with appearances by historical figures like the ex-King Carol of Romania, the great Polish pianist Jan Paderewski, the British agent Ian Fleming, the Russian chess grandmaster Alexander Alekhine and the French writer and flyer Antoine de St Exupery, who forms a poignant friendship with a young Jewish boy living alone in the hotel.

'Lisbon and Portugal's best days are behind them' is a common theme put forward by writers who focus their attention on the golden era of Portuguese discoveries, the Empire and the role of Lisbon as a major Atlantic power. Neill Lochery's book demonstrates that Portugal is not suffering from such inevitable decline. Out of the Shadows is a full account of post-authoritarian democratic Portugal (1974 to Present) following the Carnation Revolution which began on April 25th 1974 and based on documentary sources, personal accounts and unpublished documents from the National Archive in Kew. In 1974 a dramatic overnight coup led to the fall of the 'Estado Novo' dictatorship in Portugal - in Lisbon the events became known as the Carnation Revolution. As the colonies collapsed, the United States helped airlift 13,000 refugees from Angola back to Portugal as US Secretary of State Henry Kissinger maneuvered to advance the moderate side of the government in Lisbon over the radicals and thus guarantee US interests. As Neill Lochery argues, one of the major misunderstandings of the post-revolution era in Portugal has been the concentration on domestic over international factors in helping to shape its story. Having emerged from its twentieth century financial crisis and bail out and thus 'out of the shadows', he argues that Portugal is a country of huge relevance to the present day and of great future significance to the European continent. Indeed, the strengthening of bonds between Portugal and its European neighbours can be seen to be more important than ever, given the heightened tensions in European politics, the refugee crisis and the prospect of a changing European Union.

The Lisbon Route tells of the extraordinary World War II transformation of Portugal's tranquil port city into the great escape hatch of Nazi Europe. Royalty, celebrities, diplomats, fleeing troops, and ordinary citizens desperately slogged their way across France and Spain to reach the neutral nation. As well as offering freedom from war, Lisbon provided spies, smugglers, relief workers, military figures, and adventurers with an avenue into the conflict and its opportunities. Yet an ever-present shadow behind the gaiety was the fragile nature of Portuguese neutrality.

The bestselling novel of love and sacrifice under fascist rule, and □a treat for the mind. One of the best books I have read in a long time□ (Isabel Allende). Raimund Gregorius, a professor of dead languages at a Swiss secondary school, lives a life governed by routine. Then, an enigmatic Portuguese woman stirs his interest in an obscure, and mind-expanding book of philosophy that opens the possibility of changing Raimund□s existence. That same night, he takes the train to Lisbon to research the book□s phantom author, Amadeu de Prado, a renowned physician whose principles led him to confront Salazar□s dictatorship. Raimund, now obsessed with unlocking the mystery behind the man, is determined to meet all those on whom Prado left an indelible mark. Among them: his eighty-year-old sister, who maintains her brother□s house as if it were a museum; an elderly cleric and torture survivor confined to a nursing home; and Prado□s childhood friend and eventual partner in the Resistance. The closer Raimund comes to the truth of Prado□s life, and eventual fate, an extraordinary tale takes shape amid the labyrinthine memories of Prado□s intimate circle of family and friends, working in utmost secrecy to fight dictatorship, and the betrayals that threaten to expose them. □A meditative, deliberate exploration of loneliness, language and the human condition□ (The San Diego Union-Tribune), Night Train to Lisbon □call[s] to mind the magical realism of Jorge Amado or Gabriel Garcia Marquez . . . allusive and thought-provoking, intellectually curious and yet heartbreakingly jaded,□ and inexorably propelled by the haunting mystery at its heart (The Providence Journal). Night Train to Lisbon was adapted into Bille August□s award-winning 2013 film starring Jeremy Irons, Lena Olin, Christopher Lee, and Charlotte Rampling.

Longlisted for the CWA John Creasy New Blood Dagger Award 2013 and shortlisted for CWA Endeavour Historical Dagger Award 2014 □She looked up at the terraced house, with the closed shutters and the big room at the end of the long unlit corridor where the man who smiled too much did his work. She climbed the steps and knocked on the door...□

In 1939, Brazil seemed a world away from the chaos overtaking Europe. Yet despite its bucolic reputation as a distant land of palm trees and pristine beaches, Brazil□s natural resources and proximity to the United States made it strategically invaluable to both the Allies and the Axis alike. As acclaimed historian Neill Lochery reveals in The Fortunes of War, Brazil□s wily dictator Getúlio Dornelles Vargas keenly understood his country□s importance, and played both sides of the escalating global conflict off against each other, gaining trade concessions, weapons shipments, and immense political power in the process. Vargas ultimately sided with the Allies and sent troops to the European theater, but not before his dexterous geopolitical machinations had transformed Rio de Janeiro into one of South America□s most powerful cities and solidified Brazil□s place as a major regional superpower. A fast-paced tale of diplomatic intrigue, The Fortunes of War reveals how World War II transformed Brazil from a tropical backwater into a modern, global power.
