He believes that creativity can be learned, and it can be enhanced. In *Completing the Wheel: An Adventure in Creativity and Life*, Dittmar shows how the richness and growth that comes from creative expression cannot be denied and how imagination and creativity can be used to overcome your limitations. *Completing the Wheel* describes how you can awaken your creativity and enrich your life. dynamic field for scholarly research. This book offers an accessible introduction to teaching and studying rhetoric and composition. By combining the history of rhetoric, explorations of its underlying theories, and a survey of current research (with practical examples and advice), Steven Lynn offers a solid foundation for further study in the field. Readers will find useful information on how students have been taught to invent and organize materials, to express themselves correctly and effectively, and how the ancient study of memory and delivery illuminates discourse and pedagogy today. This concise book thus provides a starting point for learning about the discipline that engages writing, thinking, and argument.
