Los Angeles is known for its glitz and glamour, beach culture, blockbuster studios and famous residents. But there's much more to it than perfect teeth and tanned and taut bods (though near-perpetual good weather does offer plenty of opportunities to get physical outdoors): La La Land is a haven for artists and architects, top chefs, fresh designers and trendsetting retailers. Good advice is essential for navigating this sprawling metropolis with aplomb; luckily we've uncovered everything you'll need to know to get the most out of a trip to the City of Angels.

A parade through Bangkok's outposts of good food, design, retail, and more, this definitive travel guide will make you feel like a local no matter where you are from.

Which cities offer the best quality of life? How do you build a good school? How do you run a city? Who makes the best coffee? And how do you start your own inspirational business? With chapters on the city, culture, travel, food, and work, the book also provides answers to some key questions. Works as a guide but also includes essays that explore what makes a great city, how to make a home and why culture is good for you

A parade through London's outposts of good food, design, retail, and more, this definitive travel guide will make you feel like a local no matter where you are from. Vast and sprawling, a tangle of roads and lanes, a muddle of rising and falling neighborhoods: London can be a

big beast to tame, even for the people who get to call it home. But this ever-changing and regenerating capital can also charm you with its beauty, from wind-rustled parks to that winding River Thames. Its mix of people, abundance of culture, and the occasional louche night on the tiles also makes it a city that will surprise you and win you over. The Monocle Travel Guide to London is a celebration of all the things that the Monocle team loves above this mighty metropolis (and they are brave enough to let you see the wrinkles too). It's a guide to the bars, shops, restaurants, music venues, and museums that they think should edge their way on to your itinerary. They will lure you to some fresher neighborhoods and fill your head with lots of "We really have to see..." ideas. And they will leave you with a clear, crisp view of how the capital is changing. London is a global city but the Monocle team will help you see it as a series of friendly local gems. Hold on to your hat.

At first glance, horseshoe-shaped Amsterdam is a breeze to circumnavigate and its offerings seemingly obvious. But look closely and you'll find hidden pockets in the maze of canals and burgeoning neighbourhoods that are a quick pedal from the city centre. This archetype of liberalism and diversity is forever reinventing itself.

From the team at Monocle, a look at some of the coziest and most creative homes around the world.

With 68 recipes and 97 variations, Simple Fare is an oversize, distinctively designed kitchen essential of more than 165 seasonal recipes. This book is a valuable resource for avid cooks and beginners alike. Volume two of the series, Simple Fare: Fall/Winter will be available in September 2017.
