A father and son discover the value of coins, what people used before coins, and why historical images and people appear on coins.

A father and son discover the value of coins, what people used before coins, and why historical images and people appear on coins.

Twenty-five pennies, four dimes, two nickels, and one quarter... hmm... A pocketful of coins! Who can make heads or tails of it? YOU can with THE COIN COUNTING BOOK. Change just adds up with this bankable book illustrated with real money.

Get Free Lots And Lots Of Coins

Counting, adding, and identifying American currency from one penny to one dollar is exciting and easy. When you have counted all your money, you can decide to save it or spend it.

Billed as the "biggest, most useful Red Book ever," the Deluxe Edition measures 7 x 10 inches and has 1,504 pages. The larger size and increased page count combined make the Deluxe Edition five times bigger than the regular-edition Red Book. It prices 8,018 items in up to 12 grades each, with 50,205 individual values and 16,667 auction records covering circulated, Mint State, and Proof coinage. The book is illustrated with 5,753 images. The Deluxe Edition covers American coinage from New England colonial times to the modern day--half cents through \$20 gold double eagles, plus bullion, commemoratives, Proof and Mint sets, significant tokens and medals, error coins, and other numismatic collectibles. It follows the basic structure of the regular-edition Red Book, but each chapter is dramatically expanded with more historical information, more die varieties, detailed grading instructions with enlarged full-color illustrations, specialized advice on strike characteristics and other technical details, market analysis, and valuable guidance on collecting and investing in rare coins. The book's Senior Editor is Kenneth Bressett, Valuations Editor is Jeff Garrett, and Research Editor is Q. David Bowers. A 57-page introduction, "The Story of American Money," is based on the work of the late Dr. Richard Doty, senior curator of the National Numismatic Collection at the Smithsonian. Each year, the new Deluxe Edition will feature an in-depth focus on one or more coin series. The first edition includes a special 364-page section on copper half cents and large cents written by Q. David Bowers, with images, history, diagnostics, and pricing for 832 die varieties, 1793-1857. For federal coins, detailed charts show each mintage; a summary of certified population data; average national retail prices in grades ranging from About Good to high Mint State and Proof; and three or more recent auction records for most coins. Enlarged close-ups of die varieties provide visual guidance. Extensive chart notes give the back stories and additional details on significant coins. "This is the biggest numismatic reference Whitman has ever created," said publisher Dennis Tucker. "Many of the Deluxe Edition's chapters could be standalone books themselves. The section on commemorative coins is 146 pages long. Pre-federal coins and tokens from the 1600s to the 1790s span 56 pages. U.S./Philippine coins of World War II and earlier are given a detailed 30-page treatment. And 364 pages of half cents and large cents are enough to make every reader a smarter buyer and collector." Special appendices include illustrated essays on misstrikes and error coins; rare and collectible numismatic books; bullion values of common-date silver and gold coins; the top 250 coin prices realized at auction; grading standards for U.S. coins; coin cleaning, preservation, and conservation; counterfeit coins in today's marketplace; the dynamics of the rare-coin market; predicting the rare-coin market; and techniques of smart bidding at auction.

Two poets, one white and one black, explore race and childhood in this must-have collection tailored to provoke thought and

Get Free Lots And Lots Of Coins

conversation. How can Irene and Charles work together on their fifth grade poetry project? They don't know each other . . . and they're not sure they want to. Irene Latham, who is white, and Charles Waters, who is black, use this fictional setup to delve into different experiences of race in a relatable way, exploring such topics as hair, hobbies, and family dinners. Accompanied by artwork from acclaimed illustrators Sean Qualls and Selina Alko (of *The Case for Loving: The Fight for Interracial Marriage*), this remarkable collaboration invites readers of all ages to join the dialogue by putting their own words to their experiences.

Excerpt from *Catalogue of Various Consignments of Coins, Medals and Paper Money: The Finest Lot of Coins I Have Yet Offered and One of the Finest Lots of the Season; Rarities in All Series I6sz - Pine Tree Shilling*. Large type w'ith small, compact tree. Crosby 12, Rev. 1. The M is the only weak letter; otherwise it is a very fine, bold specimen, with a record of over \$30. Very rare. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
