Madame Serpent is a great read and a fascinating insight into Catherine de'Medici and her sad marriage. Catherine might've had to wait a very long time, but she will live up to the name Madame Serpent and I can't wait to read the other two books in this trilogy!

The author portrays Catherine as a whining lacklustre spineless woman yet uses the title Madame Serpent. It is not until the last few pages that there is any indication that this woman has a backbone. Sorry to say not worth the time spent on reading this. There are better books available that paint a more realistic picture of this woman.

An enchanting selection of Madame d' Aulnoy's seventeenth-century French fairy tales, interpreted by contemporary visual artist Natalie Frank Marie-Catherine Le Jumel de Barneville (1650–1705), also known as Madame d' Aulnoy, was a pioneer of the French literary fairy tale. Though d' Aulnoy's work now rarely appears outside of anthologies, her books were notably popular during her lifetime, and she was in fact the author who coined the term "fairy tales" (contes des fées). Presenting eight of d' Aulnoy's magical stories, *The Island of Happiness* juxtaposes poetic English translations with a wealth of original, contemporary drawings by Natalie Frank, one of today's most outstanding visual artists. In this beautiful volume, classic narratives are interpreted and made anew through Frank's feminist and surreal images. This feast of words and visuals presents worlds where women exercise their independence and push against rigid social rules. Fidelity and sincerity are valued over jealousy and greed, though not everything ends seamlessly. Selected tales include "Belle-Belle," where an incompetent king has his kingdom restored to him through an androgynous heroine's constancy. In "The Green Serpent," a heroine falls in love with the eponymous snake, is punished by a wicked fairy, and endures trials to prove her worthiness. And in "The White Cat," a young prince is dazzled by the astonishing powers of a feline. Jack Zipes's informative introduction offers historical context, and Natalie Frank's opening essay delves into her aesthetic approaches to d' Aulnoy's characters. An inspired integration of art and text, *The Island of Happiness* is filled with seductive stories of transformation and enchantment.

Theodosia Throckmorton has her hands full at the Museum of Legends and Antiquities in London. Her father may be head curator, but it is Theo—and only Theo—who is able to see all the black magic and ancient curses that still cling to the artifacts in the museum. Sneaking behind her father's back, Theo uses old, nearly forgotten Egyptian magic to remove the curses and protect her father and the rest of the museum employees from the ancient, sinister forces that lurk in the museum's dark hallways.
