An exquisitely designed volume of innovative restaurant dishes and old family favourites from Giorgio Locatelli, Britain's best-loved Italian chef and restaurateur.

Giorgio Locatelli started helping out in the family restaurant at age five. He was raised in Corgeno in northern Italy, close to the Swiss border and Milan. Almost everything his family ate and drank was produced locally. He was told by the head chef at his first real Italian restaurant job that he would never make it as a chef. His grandmother, who shared her great love of food with him, said Giorgio would have to go back and show him. And so he did. After getting suspended from cooking school because of kissing a girl on the school's steps, he went on to become a greatly admired chef. Made in Italy is a 624-page, vibrantly illustrated book full of Locatelli's recipes, insight and historical detail about Italian food. He combines food narrative with hands-on expertise of a top chef. He peppers the book with evocative stories and funny and often outspoken observations on the state of food today. This is the contemporary Italian food bible, from the acknowledged master of modern Italian cooking.

The host of David Rocco's Dolce Vita looks at the best of Italian cooking, eating and living, including such things as gelati, caprese salad, homemade pasta, lemon groves and much more. TV tie-in.

On his hit Cooking Channel show David Rocco's Dolce Vita, David and his wife, Nina, travel around Italy, exploring the very best foods of every region, making friends wherever they go. From his modern flat in Florence to the lemon groves of the Amalfi coast, David shares recipes for the local favorites he encounters, including a refreshing Caprese salad with avocado, weeknight chicken breasts with fragrant rosemary and chili flakes, a Sunday meat stew flavored with tomatoes and red wine, and the easy apple-yogurt cake he prepares with his twin daughters. Made in Italy features 140 simple, rustic Italian dishes that any home cook can accomplish—all with David's signature style. With photographs of gorgeous food and sweeping images of the Italian countryside, this book will inspire cooks across America to bring Italy to life in their own homes.

'I was lucky enough to grow up in a family of foodies: my brother is a chef, my mum is a great cook, and my dad is a wonderful eater! No wonder I have such a passion for the food of my homeland.' In her second cookbook, Italian-born Silvia Colloca returns to the villages where she spent her childhood, in the regions of Abruzzo, Marche and Molise. Reuniting with family and close friends, Silvia celebrates the incredible array of fresh produce, its marked regional variations, and how this affects the local cuisine. With her trademark warmth and good humour, Silvia shares family stories and recipes that are close to her heart, and shows how simply a handful of seasonal ingredients can be transformed into something truly exceptional, including homemade ricotta, roast potatoes with bay leaves and cured pork cheek, handmade noodles with monkfish ragu, wine-drenched peaches with mascarpone cream and the intriguing-sounding 'bear's cake'!

From Giorgio Locatelli, bestselling author of Made in Italy, comes an exquisite cookbook on the cuisine of Sicily, which combines recipes with the stories and history of one of Italy's most romantic, dramatic regions: an island of amber wheat fields, lush citrus and olive groves, and rolling vineyards, suspended in the Mediterranean Sea. Mapping a culinary landscape marked by the influences of Arab, Spanish, and Greek colonists, the recipes in Made in Sicily showcase the island's diverse culinary heritage and embody the Sicilian ethos of primacy of quality ingredients over pretentiousness or fuss in which "what grows together goes together."

Goods made or designed in Italy enjoy a profile which far outstrips the country's modest manufacturing output. Italy's glorious design heritage and reputation for style and innovation has 'added value' to products made in Italy. Since 1945, Italian design has commanded an increasing amount of attention from design journalists, critics and consumers. But is Italian design a victim of its own celebrity? Made in Italy brings together leading design historians to explore this question, discussing both the history and significance of design from Italy and its international influence. Addressing a wide range of Italian design fields, including car design, graphic design, industrial and interior design and ceramics, well-known designers such as Alberto Rosselli and Ettore Sottsass, Jr. and iconic brands such as Olivetti, Vespa and Alessi, the book explores the historical, cultural and social influences that shaped Italian design, and how these iconic designs have contributed to the modern canon of Italian-inspired goods.

In this exquisitely designed, contemporary Italian food bible, Britains favorite Italian chef combines recipes and family stories with highlights of dishes from his celebrated restaurant, Locanda Locatelli. Full color throughout.

Looking at media coverage of three very prominent murder cases, Murder Made in Italy explores the cultural issues raised by the murders and how they reflect developments in Italian civil society over the past 20 years. Providing detailed descriptions of each murder, investigation, and court case, Ellen Nerenberg addresses the perception of lawlessness in Italy, the country's geography of crime, and the generalized fear for public safety among the Italian population. Nerenberg examines the fictional and nonfictional representations of these crimes through the lenses of moral panic, media spectacle, true crime writing, and the abject body. The worldwide publicity given the recent case of Amanda Knox, the American student tried for murder in a Perugia court, once more drew attention to crime and punishment in Italy and is the subject of the epilogue.

A native of Calabria, located at the tip of Italy's "boot," presents a cookbook of easily accessible, fresh-from-the-garden recipes that introduce readers to the fiery and simplistic dishes of her homeland.
