Many motorcyclists got their start on a dirt bike, and many more have learned the joy and freedom of trail riding and adventure touring.

Affordable, easy to ride and fun, dirt bikes are a great way to enjoy the great outdoors and build riding skills. This book covers riding and wrenching basics, as well as more advanced X-games style tricks. The Total Dirt Rider Manual, from Pete Peterson and the Editors of Dirt Rider magazine, is your all-inclusive guide to dirt bike riding. With high-quality design, intricate detail, and a durable flexicover—this manual is the perfect gift! Gear: From how to buy the best bike to evaluating a used ride; suit up for style safety, and comfort. Also learn how to adapt your gear to a wide range of riding conditions. Riding: Dirt riding is not just a great form of outdoor recreation, it's a sport in its own right, and this book has the information you need to enjoy a casual day on the trails or to compete year round. Wrenching: Dirt Rider is renowned for its "Dr. Dirt" feature, which breaks down repairs from the everyday to the highly specialized into simple, step-by-step tutorials. This book features the best of those, allowing any rider to become their own mechanic and save money. Suspension: A bike's suspension is vital, expensive to fix, and tricky to diagnose. If there's one thing off-road riders crave, it's the ability and know-how to do this maintenance themselves. This special section delivers with clear, detailed but quick-to-grasp, tips from America's top race-bike mechanics; this section alone could save a rider thousands of dollars. Whether you enjoy trail-riding and exploring the backcountry, aspiring to motocross stardom, wondering how they do those amazing freestyle flips, this book is packed with hands-on, off-road tips and tricks to get you there — and keep you moving.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto—promising a solution to virtually any handling problem.

First in the YA bestselling fantasy trilogy of the battle between Light and Dark. "If you loved the Twilight series, you will love this book." Giuliana Rancic, E! News anchor Caroline Ellis' sixteenth birthday sets into motion a series of events that have been fated for centuries. A descendant of Virginia Dare, the first child born in the lost colony of Roanoke, and unaware of her birthright as the heir to the throne of the Light Fae, it isn't until Caroline begins a tumultuous relationship with Devilyn Reilly that the truth of her heritage is revealed. Devilyn is the only Fae who is both of the Light and of the Dark, and struggles to maintain that precarious balance to avoid succumbing to the power of the Dark within him. He is the only one who can save Caroline from those who would destroy her and destroy all hope for unity among the Fae. He promises Caroline that he will protect her at all costs, even when it means protecting her from himself. Told from the alternating perspectives of Caroline and Devilyn, Fae draws on mysteries, myths and legends to create a world, and a romance, dangerously poised between Light and Dark. Praise for the Fae trilogy "A phenomenal series." Margaret Stohl, #1 New York Times bestselling coauthor of *Jo & Laurie* "Lovers you must buy a copy!" Nicky Whelan, actress, *Hall Pass*, *Franklin & Bash* "Since the Twilight series recently came to an end, the search for the next hit teen novel is on. Fortunately, with C.J. Abedi's first book in the Fae series, there may be no need to look any further." Firsttoknow.com
