Mr. Stimson led the firm through its initial growth and established it as a leading provider to startups and small companies in the New England region. After QLFS, Mr. Stimson launched Trucking Capital LLC to provide services in the USA, Canada and Australia. Under his leadership, Trucking Capital LLC has expanded to offer a number of business finance products and can help companies in most industries. Trucking Capital LLC is one of the few companies that offers micro-factoring (also called small-ticket factoring), which helps early-stage companies with limited revenues. Small business factoring has been ignored by larger factoring firms and banks, establishing Mr. Terry as a pioneer in this market. Before starting his career in finance, Mr. Stimson held several management positions in operations and marketing in the telecommunications industry for eight years. He earned a Master's Degree in Finance with a concentration in banking. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

This book presents the papers from the latest conference in this successful series on fuel injection systems for internal combustion engines. It is vital for the automotive industry to continue to meet the demands of the modern environmental agenda. In order to excel, manufacturers must research and develop fuel systems that guarantee the best engine performance, ensuring minimal emissions and maximum profit. The papers from this unique conference focus on the latest technology for state-of-the-art system design, characterisation, measurement, and modelling, addressing all technological aspects of diesel and gasoline fuel injection systems. Topics range from fundamental fuel spray theory, component design, to effects on engine performance, fuel economy and emissions.
