Marly's love for Cade has spanned her teenage years, and survived strong and intact into woman-hood. Her fantasies and daydreams have sustained her, but she's no longer content with merely imagining the touch of his hands, the taste of his kiss. It's time to seduce the tough, sexy cowboy. She's heard the rumors for years, the tales of his sexual preferences. She's prepared herself to accept his desires. Prepared her body for his touch. But she wasn't prepared for the choice to come... Cade's dark desires, his sexual excesses are based in the past. In a time when pain, shame, and blood stains his very soul. He carries a secret shared only with his brothers. A secret that has scarred the bond, the ability to be a brother or to accept the love of the men he was raised with. He knows the only way to prove his loyalty, his love for those brothers and Marly will be the key. She has a choice. She can surrender to Cade's needs, his soul deep desires, or she can walk away. A choice only Marly can make. A choice that will change her life forever.

globe. This time the theme is the four seasons, and the joys of childhood associated with each - robins and kites, seashells and fireflies, pumpkins and leaf piles, snowmen and ice skates. Swinger herself composed several of the tunes, but most are time-tested folk melodies. Gathered from dozens of countries - including Finland, Japan, Sweden, Jamaica, Poland, China, Russia, Germany, England, and Peru - they represent a broad spectrum of traditions that will suit the multi-cultural sensibilities of almost any home or school. The lyrics include poems by such well-known children's authors as Kate Greenaway, Robert Louis Stevenson, Eleanor Farjeon, Henry Wadsworth Longfellow, and Lois Lenski.

Her life turned upside-down when a Japanese internment camp is opened in their small Colorado town, Rennie witnesses the way her community places suspicion on the newcomers when a young girl is murdered, an event that prompts Rennie's own perspective change and the discovery of dangerous secrets. By the author of *New Mercies*. 75,000 first printing.

As beguiling as the novels of Alice Hoffman, Adriana Trigiani, Aimee Bender, and Sarah Addison Allen, *Season of the Dragonflies* is a story of flowers, sisters, practical magic, old secrets, and new love, set in the Blue Ridge Mountains. For generations, the Lenore women have manufactured a perfume unlike any other, and guarded the unique and mysterious ingredients. Their perfumery, hidden in the quiet rolling hills of the Blue Ridge Mountains, creates one special elixir that secretly sells for millions of dollars to the world's most powerful—movie stars, politicians, artists, and CEOs. The Lenore's signature perfume is actually the key to their success. Willow, the coolly elegant Lenore family matriarch, is the brains behind the company. Her gorgeous, golden-haired daughter Mya is its heart. Like her foremothers, she can “read” scents and envision their power. Willow's younger daughter, dark-

haired, soulful Lucia, claims no magical touch, nor does she want any part of the family business. She left the mountains years ago to make her own way. But trouble is brewing. Willow is experiencing strange spells of forgetfulness. Mya is plotting a coup. A client is threatening blackmail. And most ominously, the unique flowers used in their perfume are dying. Whoever can save the company will inherit it. Though Mya is the obvious choice, Lucia has begun showing signs of her own special abilities. And her return to the mountains—heralded by a swarm of blue dragonflies—may be the answer they all need.

Men of August - Sarah's Seduction By Lora Leigh Book 2 in the Men of August series On a hot summer night six years before, Brock August showed Sarah Tate a passion that would nearly destroy her. One night, a few stolen hours to know the heat and passion of the man she never forgot. But Brock has other plans in mind. A secret, a passion, a desire his brothers share. A desire Sarah will be unable to deny. That is, if she can escape the dark designs of the stalker intent on destroying the August men.

“This short book makes you smarter than 99% of the population. . . . The concepts within it will increase your company's ‘organizational intelligence.’ . . . It’s more than just a must-read, it’s a ‘have-to-read-or-you’re-fired’ book”—Geoffrey James, INC.com From the author of the forthcoming *An Illustrated Book of Loaded Language*, here’s the antidote to fuzzy thinking, with furry animals! Have you read (or

stumbled into) one too many irrational online debates? Ali Almosawi certainly had, so he wrote *An Illustrated Book of Bad Arguments!* This handy guide is here to bring the internet age a much-needed dose of old-school logic (really old-school, à la Aristotle). Here are cogent explanations of the straw man fallacy, the slippery slope argument, the ad hominem attack, and other common attempts at reasoning that actually fall short—plus a beautifully drawn menagerie of animals who (adorably) commit every logical faux pas. Rabbit thinks a strange light in the sky must be a UFO because no one can prove otherwise (the appeal to ignorance). And Lion doesn't believe that gas emissions harm the planet because, if that were true, he wouldn't like the result (the argument from consequences). Once you learn to recognize these abuses of reason, they start to crop up everywhere from congressional debate to YouTube comments—which makes this geek-chic book a must for anyone in the habit of holding opinions.
