Maserati built its reputation on creating high-performing and elegant cars. Readers will learn the history behind these renowned Italian sports cars and will gain an understanding of the elements that make sports cars perform. Profiles include models ranging from the historic 3500 GT of the 1950s to today's grand tourers. Stat boxes present each featured model's impressive numbers.

This is the fascinating story of how the Citroen SM came into being, with company politics and Maserati's involvement covered in detail. The text and pictures then follow the car's progress from its world premier at the 1970 Geneva Show until the final production models were built in July 1975. With 200 mainly color photos, full coverage of production models and a buyers guide this book is the complete Citroen SM resource.

"When I see an Alfa Romeo, I lift my hat." Henry Ford Few things ignite such reverence as a classic car. With more than 250 iconic models from the 1940s to the 1980s, photographed from every angle, this title is a glorious celebration of the stars in the classic car firmament. Edited by award-winning automotive journalist Giles Chapman, Classic Car brings you the story of more than 20 great marques, including household names Bentley, Mercedes, Ferrari, Cadillac, and Aston Martin. Its lavish photography reveals every detail in close-ups of models that range from the 1940s giant two-ton Daimler DE36, which ferried royals about in style, through to sleek Ferraris from the 1980s capable of smashing the 200mph barrier. It puts you in the driving seat of such icons as the Chevrolet Corvette, the Ford Thunderbird, and the Mercedes 300SL and brings you the designers of these amazing machines and the story of their manufacturers. Whether you dream of owning one of these super-cool cars or you are a collector already, Classic Car is set to become a treasured favorite.

Singapore's best homegrown car magazine, with an editorial dream team driving it. We fuel the need for speed!

Starting in 1956 when Ford officially entered motor racing, this book takes the reader on a journey of how and why things happened the way they did. Who were the personalities behind the all the different Ford GT development programs, old and new.
