reading and writing practice opportunities for both weaker and stronger students. The Writing Bank at the back of the book gives a quick guide to text types, with model structures and key language as well as exam strategies, plus a Functions Bank for functional phrases for speaking and writing. There is plenty of exam practice in the Get Ready for your Exam sections and these, along with the Self-Check pages after each unit and the review sections at the back of the books, allow students and their teachers to keep track of their progress as they work towards their exams. The accompanying Audio CD offers students a huge amount of listening practice. There are audio recordings for tasks in every lesson (not only for the

Maths Problem Solving - Year 5 is the fifth book in the Maths Problem Solving series. The books have been written for teachers to use during the numeracy lesson. They cover the 'solving problem' objectives from the numeracy framework. This book contains three chapters; Making decisions, Reasoning about numbers or shapes and Problems involving 'real life', money or measures. The books are designed in such a way that each section has six stages of questions to be worked through. Every stage is split into three levels, for example 1a, 1b or 1c, based on achievement. Each corresponding question from these levels follow the same line of questioning, so
