It may seem like a dream come true to some, but for the flock it's more like a living nightmare. When the mysterious lab known as the "School" turns up and kidnaps their youngest member, it's up to Max to organize a rescue, but will help come in time? --P. [4] of cover.

When millions of fish start dying off the coast of Hawaii and something is destroying hundreds of ships, the government enlists the Flock—a band of genetically modified children who can fly—to investigate the problem.

"Fourteen-year-old Maximum Ride knows what it's like to soar above the world. She and all the members of her 'flock'-- Fang, Iggy, Nudge, Gasman, and Angel-- are just like ordinary kids, except they have wings and can fly! It may seem like a dream come true to some, but for the flock it's more like a living nightmare when the mysterious lab known as the 'School' turns up and kidnaps their youngest member. Now it's up to Max to organize a rescue, but will help come in time?"--P. [4] of cover.

There's one last chance to save the world in the third book in the Maximum Ride series, SAVING THE WORLD AND OTHER EXTREME SPORTS. The time has arrived for Max and her winged "flock" to face their ultimate enemy and discover their original purpose: to defeat the takeover of "Re-evolution"--a sinister experiment to re-engineer a select population into a scientifically superior master race...and to terminate the rest. Max, Fang, Iggy, Nudge, Gasman, and Angel have always worked together to defeat the forces working against them—but can they save the world when they are torn apart, living in hiding and captivity, halfway across the globe from one another?

Joining a scientific expedition gives Max and the flock a pefect opportunity to distance themselves from the heated debate in the antarctic! A powerful figure in the underworld has promised the super-human kids to the highest bidder - and he has the robotic army to ensure the goods are delivered!

Hold on tight for the wildest ride yet as Max and the flock take on global warming -- Earth's biggest threat -- in this #1 New York Times bestselling series. Max returns in a chilling adventure unlike any other. Safe havens for the six highly hunted winged kids have become increasingly hard to find, so the flock takes refuge in Antarctica with a team of environmentalists studying the effects of global warming. In this remote wilderness -- whether pursued by corrupt governments, bioengineered bad-guys, or the harsh forces of nature -- survival of the fittest takes a new twist!
