Frankenstein meets The Shadow of the Wind in a Gothic thriller set in the diabolical city of fin-de-siecle Barcelona. Daniel Amat has left Spain and all that happened there behind him. Having just achieved a brilliant role in Ancient Languages at Oxford University and an even more advantageous engagement, the arrival of a letter - a demand - stamped Barcelona comes like a cold hand from behind. He arrives back in that old, labyrinthine and near-mythic city a few days before the great 1888 World Fair, amid dread whispers of murders - the injuries reminiscent of an ancient curse, and bearing signs of the genius 16th century anatomist, Vesalius. Daniel is soon pulled into the depths of the crime, and eventually into the tunnels below Barcelona, where his own dark past and the future of science are joined in a terrible venture - to bring the secret of Vesalius to life. Gothic and gripping, this historical thriller makes of Barcelona a diabolical character - emerging out of the dark into a new electrical age, aflame with spirit, superstition and science. Published in eighteen countries, Jordi Llobregat's bestselling first novel mixes a passionate setting and cryptic mystery into a genre-crossing phenomenon.

Calculating God is the new near-future SF thriller from the popular and award-winning Robert J. Sawyer. An alien shuttle craft lands outside the Royal Ontario Museum in Toronto. A six-legged, two-armed alien emerges, who says, in perfect English, "Take me to a paleontologist." It seems that Earth, and the alien's home planet, and the home planet of another alien species traveling on the alien mother ship, all experienced the same five cataclysmic events at about the same time (one example of these "cataclysmic events" would be the meteor that wiped out the dinosaurs). Both alien races believe this proves the existence of God: i.e. he's obviously been playing with the evolution of life on each of these planets. From this provocative launch point, Sawyer tells a fast-paced, and morally and intellectually challenging, SF story that just grows larger and larger in scope. The evidence of God's universal existence is not universally well received on Earth, nor even immediately believed. And it reveals nothing of God's nature. In fact, it poses more questions than it answers. When a supernova explodes out in the galaxy but close enough to wipe out life on all three home-worlds, the big question is, Will God intervene or is this the sixth cataclysm:? Calculating God is SF on the grand scale. Calculating God is a 2001 Hugo Award Nominee for Best Novel. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Secondo la teoria del Multiverso, esistono infiniti mondi come infinite sono le possibilità della nostra esistenza. Si suppone che queste realtà non siano in contatto tra loro. Alex vive a Milano. Jenny vive a Melbourne.

Alex, Jenny e Marco hanno provato sulla loro pelle cosa vuol dire perdersi nelle infinite strade del Multiverso. Ora, però, non sanno come uscire da Memoria, una dimensione mentale, non meno chiusa di una gabbia, nella quale vedono solo ciò che ricordano. Mentre i secoli trascorrono dopo la fine della loro civiltà, una nuova Era comincia sul pianeta Terra. Ma in che modo si possono usare i ricordi per fuggire da Memoria e scampare all'eterna condanna? Quali segreti disseppelliti dal passato permetteranno loro di risvegliarsi nel futuro?

Quella in cui Alex, Jenny e Marco vivono da diciotto anni è una realtà confortevole, una nuova vita lontana dal drammatico ricordo del 2014, sepolto nelle loro anime. Ma il rifugio sicuro in cui sono cresciuti è solo una delle infinite facce del dado, una delle molteplici realtà del Multiverso. Altrove, i loro corpi sono invecchiati e il mondo si trova sotto la nefasta guida di qualcuno che teme il loro potere. Hanno attraversato le dimensioni parallele, hanno varcato i confini del tempo scavando nel passato. Il senso del loro viaggio sta per svelarsi. La loro memoria è l'ultima speranza rimasta.

In 13th century Florence, the war between the Guelphs and Ghibellines is destroying entire families. Every corner of Tuscany has been drawn into the conflict, but little do the two sides realise their war is but a pale reflection of a battle between the mysterious inhabitants of the spirit world, lasting a thousand years. The spirit that guides the Cavalcanti family, Kabal, uses every any means at his disposal to make sure his family is not torn to shreds and eventually comes out on top. The true ace up his sleeve is the new head of his family, the warrior and poet Guido Cavalcanti. Guido is driven to seek an impossible peace as he strives to save his city and marry the girl he loves. He is helped by a young, exceptionally shy poet known as Dante Alighieri... It is a story of war, betrayal, intrigue and magic that is woven skilfully together to create a wondrous combination of historical accuracy and the fantastic world that lies behind human endeavour. "The Eternal War – Armies of Saints" is an innovative historical fantasy set against the backdrop of the Florence of the Divine Comedy. It has already conquered Italy and now, with the English translation, it is set to take the world.

Anna and Bennett were never supposed to meet: she lives in 1995 Chicago and he lives in 2012 San Francisco. But Bennett's unique ability to travel through time and space brings him into Anna's life, and with him, a new world of adventure and possibility. As their relationship deepens, they face the reality that time might knock Bennett back where he belongs, even as a devastating crisis throws everything they believe into question. Against a ticking clock, Anna and Bennett are forced to ask themselves how far they can push the bounds of fate-and what consequences they can bear in order to stay together. Fresh, exciting, and deeply romantic, Time Between Us is a stunning and spellbinding debut from an extraordinary new talent in YA fiction. "A beautifully written, unique love story." --Melissa Marr, New York Times best-selling author of The Wicked Lovelyseries "The story will hold readers with its twists and turns, present and future; its love, sadness, and anger; and especially, its surprising secrets." -- Booklist "A warm, time-bending romance [that] will have readersrooting for the couple that keeps daring fate." -- Publishers Weekly "Time Between Us is the very best kind of love story --heart-pounding, intense, and unputdownable!" -- Elizabeth Scott, author ofBloom and Perfect You

In the vein of The Boy in the Striped Pajamas and Number the Stars, this fusion of fairy tales, folklore, and World War II history eloquently illustrates the power of love and the inherent will to survive even in the darkest of times. In the land of dolls, there is magic. In the land of humans, there is war. Everywhere there is pain. But together there is hope. Karolina is a living doll whose king and queen have been overthrown. But when a strange wind spirits her away from the Land of the Dolls, she finds herself in Kraków, Poland, in the company of the Dollmaker, a man with an unusual power and a marked past. The Dollmaker has learned to keep to himself, but Karolina's courageous and compassionate manner lead him to smile and to even befriend a violin-playing father and his daughter—that is, once the Dollmaker gets over the shock of realizing a doll is speaking to him. But their newfound happiness is dashed when Nazi soldiers descend upon Poland. Karolina and the Dollmaker quickly realize that their Jewish friends are in grave danger, and they are determined to help save them, no matter what the risks.
