Confidence is not blind faith but becomes confirmed in everyday life through practice. By seeing more clearly, with the help of the teachings and practices, we open our hearts and entrust ourselves to the infinite and interconnected Life and Light of the universe.

Kierkegaard said that faith without doubt is simply credulity, the will to believe too readily, especially without adequate evidence, and that "in Doubt can Faith begin." All people involved in spiritual practice, of whatever persuasion, must confront doubt at one time or another, and find a way beyond it to belief, however temporary. But "faith is not equivalent to mere belief. Faith is the condition of ultimate confidence that we have the capacity to follow the path of doubt to its end. And courage." In this engaging spiritual memoir, Stephen Batchelor describes his own training, first as a Tibetan Buddhist and then as a Zen practitioner, and his own direct struggles along his path. "It is most uncanny that we are able to ask questions, for to question means to acknowledge that we do not know something. But it is more than an acknowledgement: it includes a yearning to confront an unknown and illuminate it through understanding. Questioning is a quest." Batchelor is a contemporary Buddhist teacher and writer, best known for his secular or agnostic approach to Buddhism. He considers Buddhism to be a constantly evolving culture of awakening rather than a religious system based on immutable dogmas and beliefs. Buddhism has survived for the past 2,500 years because of its capacity to reinvent itself in accord with the needs of the different Asian societies with which it has creatively interacted throughout its history. As Buddhism encounters modernity, it enters a vital new phase of its development. Through his writings, translations and teaching, Stephen engages in a critical exploration of Buddhism's role in the modern world, which has earned him both condemnation as a heretic and praise as a reformer.

When four religious leaders walk across the road, it's not the beginning of a joke. It's the start of one of the most important conversations in today's world. Can you be a committed Christian without having to condemn or convert people of other faiths? Is it possible to affirm other religious traditions without watering down your own? In his most important book yet, widely acclaimed author and speaker Brian McLaren proposes a new faith alternative, one built on "benevolence and solidarity rather than rivalry and hostility." This way of being Christian is strong but doesn't strong-arm anyone, going beyond mere tolerance to vigorous hospitality toward, interest in, and collaboration with the other. Blending history, narrative, and brilliant insight, McLaren shows readers step-by-step how to reclaim this strong-benevolent faith, challenging us to stop creating barriers in the name of God and learn how affirming other religions can strengthen our commitment to our own. And in doing so, he invites Christians to become more Christ-like than ever before.

collision course. As her journey begins, Christine Wicker knows God primarily as "the source you never get to interview." Despite this, she pursues Him anyway and begins to glimpse a God she hasn't dared hope might exist. She finds Him in unlikely places--the ceremony of a Wiccan coven, an East German shop window, a Northern Ireland breakfast table. To her grumpy amazement, she also finds Him in a place she swore she would never again look--the confines of a Southern Baptist church. It's a hard trip with surprising turns, but in the end Wicker finds a faith that answers the soul's call without ignoring the world's realities.

Without Buddha I Could not be a Christian narrates how esteemed theologian, Paul F. Knitter, overcame a crisis of faith by looking to Buddhism for inspiration. From prayer to how Christianity views life after death, Knitter argues that a Buddhist standpoint can encourage a more person-centred conception of Christianity where individual religious experience comes first, and liturgy and tradition second. Moving and revolutionary, this edition comes with a new conclusion - 'Jesus and Buddha Both Come First!' 'A compelling example of religious inquiry.' New York Times 'One of the finest contemporary books on the encounter between religions in the heart and soul of a single thoughtful person.' Library Journal
