The content of "My Cousin, My Gastroenterologist" is "thankfully" just as weird as the title. While billed as a novel, this is more truthfully a collection of short stories, a wild blend of insane science fiction, medical madness and laugh out loud humour.

Welcome to Mark Leyner's America, where you can order gallium arsenide sushi at a roadside diner, get loaded on a cocktail of growth hormones and anabolic steroids, and support your habit by appearing on TV game shows. Welcome to a wildly post-Einsteinian fictional universe where the locals include a speech pathologist with a waterbug fetish, a kamikaze airline pilot, and the lead singer for Brazil's most notoriously nihilistic samba band.

In this fiendishly original new novel, Mark Leyner is a leather-blazer-wearing, Piranha 793-driving, narcotic-guzzling monster who has potential rivals eliminated by his bionically enhanced bodyguards, has his internal organs tattooed, and eavesdrops on the erotic fantasies of Victoria's Secret models -- which naturally revolve around him. Leyner's jet-propelled roller derby through the cultures of celebrity, cyberpunk, and rabid egotism is exhilaratingly bizarre, exhaustingly funny -- and you'd better hope it's just fiction.

A community theater's production of Special Yearnings triggers a string of underground nuclear explosions from St. Louis to Worcester, Massachusetts. A man frantically swats at the blaze that his girlfriend has ignited in his trousers, while her family tries to figure out whether his agonized sign language means "Under the Volcano" or "No Time for Sergeants." Charo, Marianne Faithfull, and Napoleon's sister swap glittering witticisms and

pornographic come-ons with languid aesthetes and unhinged suburbanites. Such scenarios are just par for the course in this gloriously disorienting volume by Mark Leyner, author of *My Cousin, My Gastroenterologist* and *Et Tu, Babe*, and a writer who plays the English language the way Jimi Hendrix played the guitar: at blinding speed, dangerous volume, and with a perfect mixture of lyricism and sheer menace.

The blazingly inventive fictional autobiography of Mark Leyner, one of America's "rare, true original voices" (Gary Shteyngart) Dizzily brilliant, raucously funny, and painfully honest, *GONE WITH THE MIND* is the story of Mark Leyner's life, told as only Mark Leyner can tell it. In this utterly unconventional novel-or is it a memoir?-Leyner gives a reading in the food court of a New Jersey shopping mall. The "audience" consists of Mark's mother and some stray Panda Express employees, who ask a handful of questions. The action takes place entirely at the food court, but the territory covered in these pages has no bounds. A joyride of autobiography, cultural critique, DIY philosophy, biopolitics, video games, demagoguery, and the most intimate confessions, *GONE WITH THE MIND* is both a soulful reckoning with mortality and the tender story of the relationship between a complicated mother and an even more complicated son. At once nostalgic and acidic, deeply humane and completely surreal, *GONE WITH THE MIND* is a work of pure, hilarious genius.

The Doctor Is In . . . Again! Did the mega-bestselling *Why Do Men Have Nipples?* exhaust your curiosity about stuff odd, icky, kinky, noxious, libidinous, or just plain embarrassing? No, you say? Well, good, because the doctor and his able-bodied buddy are in! Again! Mark Leyner and Billy Goldberg, M.D., now take on the differences between the sexes—those burning questions like *Why doesn't my husband ever listen?* or *Why does my wife ALWAYS have to pee?* And of course, *Why do men fall asleep after sex?*, plus plenty of others to keep you fully informed. Full of smart and funny answers to an onslaught of new questions, all in a do-ask-we'll-tell spirit that entertain and teaches you something at the same time, *Why Do Men Fall Asleep After Sex?* offers the real lowdown on everything everyone wants to know about all things anatomical, medical, sexual, nutritional, animal, and mineral, but would only ask a physician after a few too many, like: "Why do you have a 'bionic' sense of smell when you're pregnant?" "Does peeing in the shower cure athlete's foot?" "Is a dog's mouth clean?" "Can you breastfeed with fake boobs?" "Does thumb sucking cause buckteeth?" "Do your eyebrows grow back if shaved?" Bigger, funnier, and better than ever, *Why Do Men Fall Asleep After Sex?* proves that in the battle of the sexes, as in most things, a little Q&A is a safe, effective, minimally invasive remedy. Also available as an eBook

Setting the record straight on folk remedies, traditional cures, and medical myths, an entertaining but informative medical reference furnishes informative answers to such questions as *Do microwaves cause cancer?*, *Is sperm nutritious?*, *Is it bad to crack your knuckles?*, and more. Original. 35,000 first printing.

A brilliant and utterly original new novel from Mark Leyner about a father and his intense and devout relationship with his daughter and with alcohol. An anthropologist and his daughter travel to Kermunkachunk, the capitol of Chalazia, to conduct research for an ethnography on the Chalazian Mafia Faction (a splinter group of the Chalazian Children's Theater). The book takes place over the course of a night at the Bar Pulpo, Kermunkachunk's #1 spoken-word karaoke bar, where conversations are actually being read from multiple karaoke screens arrayed around the barroom. Moreover, it's Thursday, "Father/Daughter Nite," when the bar is frequented by actual fathers and daughters as well as couples cosplaying fathers and daughters. *Last Orgy of the Divine Hermit* is a book about the deep pleasures of reading and drinking, the tumultuous reign of a cabal of mystic mobsters, and, of course, the transcendent love of a father for his daughter.

From his cult classic, *I Smell Esther Williams*, to his wildly popular and insightful column "Wild Kingdom" appearing in *Esquire* magazine every month, Mark Leyner has been giving us up close and personal encounters of the most hilarious kind for over a decade. Now, in his new novel *The Tetherballs of Bougainville*, Leyner shares with us, long last, the quintessential coming of age story that every writer, at some point, is compelled to tell. In the novel we meet young Mark Leyner, 13-years-old to be exact, as he waits in a New Jersey prison to witness his father's execution. Adolescence is never easy, and it just so happens that this junior high schooler is on deadline to turn in a screenplay for which he has already been awarded the Vincent and Lenore DiGiacomo/Oshimitsu Polymers America Award. And, as it was for all of us during our teenage years, nothing seems to go as planned. Written as autobiography, screenplay and movie review, *The Tetherballs of Bougainville* twists three familiar narrative forms into an outlandishly compelling story. Leyner's use of the media-driven formats brilliantly reflects our secret, shameful and hilarious desire to experience our private lives as mass entertainment. *The Tetherballs of Bougainville* skewers and celebrates American pop culture in the late twentieth century. Leyner's version of our lives is so deeply funny because it is so painfully true.
