The signs are everywhere: Economic crisis, dramatic hurricanes, floods, earthquakes, and increased rates of species extinction. According to New Age metaphysician David Ian Cowan, we are in the midst of a 25-year transitional period of planetary shift as our solar system approaches the Galactic Photon Band, a shift that is also affecting our perception of time. The Mayans had a term for this transitional period: the "Time of No Time," indicating that, post-2012, time as we know it or experience it may not exist at all or will have changed dramatically. In *Navigating the Collapse of Time*, Cowan synthesizes a broad range of perspectives about this time of transition, from the writings of the ancient Mayans, Aztecs, and Incas, to speculative theory, quantum physics, philosophy, and the nature of illusion and reality posed by a range of theorists and academics including Ken Carey, Barbara Hand Clow, William Gammill, Zecharia Sitchin, Carl Calleman, Gary Renard, Ken Wapnick, Brent Haskel, and many others. He also lets us know what to expect as events continue to unfold and how to navigate this time of change.

A report on the roles of gender, emotion, and power in the workplace counsels readers on how to thrive in emotionally charged business environments and promotes rational behavior during conflicts.

Culture is in right now for Christians. Engaging it, embracing it, consuming it, and creating it. Many (younger) evangelicals today are actively cultivating an appreciation for aspects of culture previously stigmatized within the church. Things like alcohol, Hollywood's edgier content, plays, art openings, and concerts have moved from being forbidden to being celebrated by believers. But are evangelicals opening their arms too wide in uncritical embrace of culture? How do they engage with culture in ways that are mature, discerning, and edifying rather than reckless, excessive, and harmful? Can there be a healthy, balanced approach--or is that simply wishful thinking? With the same insight and acuity found in his popular Hipster Christianity, Brett McCracken examines some of the hot-button gray areas of Christian cultural consumption, helping to lead Christians to adopt a more thoughtful approach to consuming culture in the complicated middle ground between legalism and license. Readers will learn how to both enrich their own lives and honor God--refining their ability to discern truth, goodness, beauty, and enjoy his creation.

Most of us have questions about spiritual direction. What is it? What if I cant find a spiritual director? These questions and more are well answered in Dan Burkes book. The Lord is clearly calling all Catholics into a deeper union with him. This book, in a style which is both inspiring and practical, provides some of the Churchs most important wisdom about how to respond to this call.
