Welcome to the world of construction! You are joining the eight million Americans who have chosen a career in this lucrative field. Construction is one of the nation's largest industries, offering excellent opportunities for high earnings, career advancement, and business ownership. NCCER and Pearson are pleased to present the fourth edition of Core Curriculum: Introductory Craft Skills. This full-color textbook now includes nine modules for building foundation skills in construction. To help entry-level craftworkers step up their awareness of materials handling techniques and equipment, NCCER brings you "Introduction to Materials Handling." We are also excited to provide a revised "Basic Safety" module that now aligns to OSHA's 10-hour program. - Preface.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Welcome to the world of construction! Construction is one of the largest industries, offering excellent opportunities for high earnings, career advancement, and business ownership. Work in construction offers a great variety of career opportunities. People with many different talents and educational backgrounds -- skilled craftspersons, managers, supervisors, and superintendents -- find job opportunities in construction and related fields. As you will learn throughout your training, many other industries depend upon the work you will do in construction. From houses and office buildings to factories, roads, and bridges -- everything begins with construction. -- Preface

**DESCRIPTION** This exceptionally produced trainee guide features a highly illustrated design, technical hints and tips from industry experts, review questions and a whole lot more. Nine modules in all provides coverage of: Basic Safety, Introduction to Construction Math, Introduction to Hand Tools, Introduction to Power Tools, Construction Drawings, Basic Rigging, Basic Communication Skills, Basic Employability Skills, and Introduction to Materials Handling. Key Features New 5-hour module, Introduction to Materials Handling (00109-09), covers instruction on

safe methods of stacking, storing, and moving construction-related materials. All modules except Basic Rigging (00106-09) are now required for a course completion certificate. The Basic Safety module (00101-09) aligns to the OSHA 10-hour guidelines. Any OSHA 500-certified instructor can issue OSHA 10-hour cards to students successfully completing this module. Includes Going Green features throughout, and emphasizes energy efficient products and low environmental-impact methods of construction. Introduction to Construction Math (00102-09) includes more applied math exercises. Introduction to Construction Drawings (00105-09) contains new blueprints, rendered from the LEED-Gold certified Rinker Hall, University of Florida School of Construction The updated version of the accompanying Contren Connect features more robust media including video footage with professional actors and 3-D animation Instructor Supplements Instructors: Product supplements may be ordered directly through OASIS at <http://oasis.pearson.com>.
