This volume addresses the strategic, structural and functional implications of international business in firms around the world. This is exhibited through a critical, integrated flow from chapter to chapter

Market-defining since it was introduced, *International Business: Competing in the Global Marketplace* by Charles W. L. Hill, sets the standard. Hill draws upon his experience to deliver a complete solution—print and digital—for instructors & students by being: Integrated - Progression of Topics Application Rich - Strong on Strategy Current - Thought Provoking Relevant - Actual Practice of International Business

Esta obra tiene como punto de entrada la Globalización; ese es el contexto que permite analizar, desde el punto de vista disciplinar, aspectos como el comercio internacional, la integración económica, las finanzas y la inversión extranjera directa. Los capítulos relacionados con la competitividad, el marketing y la logística se ajustan al cambiante mundo, para suministrar a los lectores bases sólidas que faciliten la comprensión de las estrategias en los negocios internacionales. Con base en su experiencia en investigación y docencia, los autores presentan en cada capítulo marcos teóricos adaptados a las realidades actuales, así como ejemplos, resúmenes y evaluaciones. En esta segunda edición se incluye un nuevo capítulo de casos y lecturas que, sin lugar a dudas, permiten una visión crítica de los relacionamientos entre las empresas y estimulan el debate alrededor de los fundamentos y estrategias de los negocios internacionales en el entorno actual.
