we struggle to keep up in a
knowledge economy that never
sleeps, we arm ourselves
with life hacks, to-do

anything that will help us
work faster, push harder,
and produce more. There's
just one problem: most of
these solutions are making
things worse. Creativity
isn't produced on an

determines who we are. Hustle and Float explores how our work culture creates contradictions between what we think we want and what we actually need, and points the way to a more humane, more sustainable, and, yes, more creative, way of working and living.
