improves student results. Saves Time With automatically graded exercises for every unit of each book, instructors no longer have to create or grade homework. This gives them more time to prepare classroom lessons. Instructors can choose exercises and set due dates with just a few clicks. Homework for an entire semester can be set up in less than an hour.

Improves Results Students have more opportunities to practice English in more ways -- from video exercises and audio discussion boards to vocabulary games and academic practice. These new exercises help students learn more English, more quickly. Immediate feedback on their performance allows students to come to class better prepared. If students do not pass a section of a unit test, they automatically receive new exercises targeting areas that need improvement. The MyNorthStarLab Access Code card is also available on its own, without the Student Book.
