Information on how to apply for a career with the postal service, as well as descriptions of the types of careers that are available with the Postal Service are included. Strategies for improving your address checking skills, your memory for addresses, and your ability to decipher number series are covered in detail. This book is a must for anyone who desires a career with the United States Postal Service.

KEY CONTENTS OF THIS GUIDE INCLUDE: - Contains invaluable tips on how to prepare for abstract reasoning tests; - Written by an expert in this field in conjunction with recruitment experts; - Contains lots of sample test questions and answers.

Do you need to prepare for an aptitude test for an interview or selection process? Do you want to practise and improve your scores? Ultimate Aptitude Tests, now in its fourth edition and part of the best-selling Ultimate series, is the largest and most comprehensive book of its kind, boasting over 1000 varied practice aptitude questions with accompanying answers and explanations. In such a competitive job market, it's the perfect book to ensure you're entirely prepared to get those high scores and impress potential employers. Businesses use aptitude tests when recruiting; sometimes even to fast-track potential leaders. Providing essential practice, Ultimate Aptitude Tests includes tests like those you are likely to encounter, including abstract visual tests, verbal and numerical reasoning tests, practical skills and understanding tests, spatial and systems potential tests and logic and intuition tests of different types. This new edition also now includes a brand new section on online testing environments as well as free access to a separate full online test to evaluate your abilities. Ultimate Aptitude Tests is brilliant preparation for candidates wishing to outshine their competition and secure their dream job. About the series: The Ultimate series contains practical advice on essential job search skills to give you the best chance of getting the job you want. Taking you from your job search to completing an interview, it includes guidance on CV or résumé and cover letter writing, practice questions for passing aptitude, psychometric and other employment tests, and reliable advice for interviewing.

The United States Postal Service is the nation's largest civilian employer. Yet 80 percent of all

applicants fail the test. That's why readers look to Norman Hall's classic, comprehensive guide to the Battery 460 and 473 exams. This revised and updated third edition offers new test questions and exercises. Featuring information about various careers in the postal service and complete with a money back guarantee, this book is all readers need to pass!

Enjoyable mental exercises to help boost performance on IQ tests This engaging book offers readers the ultimate in calisthenics for the brain. Using the same fun, informative, and accessible style that have made his previous books so popular, Philip Carter helps people identify mental strengths and weaknesses, and provides methods for improving memory, boosting creativity, and tuning in to emotional intelligence. Featuring never-before-published tests designed specifically for this book, plus answers for all questions, this latest treasure trove from a MENSA puzzle editor outlines a fun, challenging program for significantly enhancing performance in all areas of intelligence.
