The first volume of my collected essays. Unashamedly self-centred but nevertheless considered comment on my world and society. They are intended to be used as future evidence for at least one man's view of life. I hope you enjoy reading them as much as I enjoyed the writing. 400 pages with over 100 illustrations.

Excerpt from Occasional Papers, Vol. 1: San Diego Society of Natural History, August 10, 1936 Snake dens, or winter rendezvous, where numbers of snakes congregate in the autumn prior to hibernation, or emerge in the spring, are well authenticated. Amongst the many incredible tales of the serpent-tribe this, at least, has been attested by many reliable witnesses. A number of persons,

hearing of my interest in snakes, and particularly rattlesnakes, have written me of experiences with these dens. Some of these stories were no doubt true, others had grown considerably with the telling; but all lacked concrete verification.
