management (P/OM) functions as well as the processes of goods and service producers. The modular character of the text permits many different journeys through the materials. If you like to start with supply chain management (Chapter 9) and then move on to inventory management

File Type PDF Operation Management Strategy And

(Chapter 5) and then quality management (Chapter 8), you can do so in that order. However, if your focus is product line stability and quick response time to competition, you may prefer to begin with project management (Chapter 7) to reflect the continuous project mode required for

those working outside the Leisure
Studies mainstream. It showcases the
state of the art of contemporary
Leisure Studies, covering key topics
and key thinkers from the psychology
of leisure to leisure policy, from
Bourdieu to Baudrillard, and suggests
that leisure in the 21st century should
