Biographical History. Henry Miller (1891-1980) was an American author. He was known for his experimental, surrealist novels, such as Tropic of Cancer, which mixed fiction and autobiography. His writing was controversial for its graphic depictions of sexuality, leading to a 1964 obscenity trial in the United States, Grove Press, Inc. v. Gerstein.

Millers great book about Greece's people and their past.

Aller Retour New York is truly vintage Henry Miller, written during his most creative period, between Tropic of Cancer (1934) and Tropic of Capricorn (1939). Miller always said that his best writing was in his letters, and this unbuttoned missive to his friend Alfred Perlès is not only his longest (nearly 80 pages!) but his best—an exuberant, rambling, episodic, humorous account of his visit to New York in 1935 and return to Europe aboard a Dutch ship. Despite its high repute among Miller devotees, Aller Retour New York has never been easy to find. It was first brought out in Paris in

1935 in a limited edition, and a second edition, “ Printed for Private Circulation Only, ” was issued in the United States ten years later. It is now available in paperback as a Revived Modern Classic, with an introduction by George Wickes that illuminates the people and personal circumstances which inform *Aller Retour* New York.

Shocking, banned and the subject of obscenity trials, Henry Miller's first novel *Tropic of Cancer* is one of the most scandalous and influential books of the twentieth century. *Tropic of Cancer* redefined the novel. Set in Paris in the 1930s, it features a starving American writer who lives a

bohemian life among prostitutes, pimps, and artists. Banned in the US and the UK for more than thirty years because it was considered pornographic, *Tropic of Cancer* continued to be distributed in France and smuggled into other countries. When it was first published in the US in 1961, it led to more than 60 obscenity trials until a historic ruling by the Supreme Court defined it as a work of literature. Long hailed as a truly liberating book, daring and uncompromising, *Tropic of Cancer* is a cornerstone of modern literature that asks us to reconsider everything we know about art, freedom, and morality. 'At last an unprintable book that is fit to read' Ezra Pound 'A momentous event in the history of modern writing' Samuel Beckett 'The book that forever changed the way American literature would be written' Erica

Jong Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation.
