Lost at the Con tells the tale of a drunken political journalist and his dangerous assignment to a science fiction and fantasy convention. Though he'd rather be at home drinking his liver to death, his spiteful editor delivers an ultimatum: take the assignment or lose the steady paycheck. Since Cobb can't afford to turn down the job, he heads to Atlanta and dives head first into the realm of Griffin*Con, renowned the world over as the Mardis Gras of geek conventions. There, he finds all of the science fiction, fantasy, and cosplay he would expect, but he also finds something more sinister: a seedy underbelly of geeky debauchery, slash fiction, booze, sex, and drugs. Can he make it through this assignment without snapping and winding up on the front page himself? Or will the entire experience change him in ways he never imagined possible? It's been called "A masterful blend of fictional Gonzo journalism and geek culture that is sure to please audiences inside and outside the geek community."

Even as the Clone Wars are about to reach an explosive climax, no one knows whether victory will favor the Grand Army of the Republic (GAR) or the Separatists. But no matter who wins, the stakes are highest for elite Special Ops clones like the Republic Commandos in Omega and Delta squads -- and the notorious renegade Advanced Recon Commando troopers known as Null-ARCS ... with their faith in the Republic and their loyalty to their Jedi allies put to the ultimate test, how will the men of Omega and Delta squads react to the most infamous command in galactic history?

After the fierce combat of Hard Contact, Triple Zero, and True Colors comes the spectacular culmination of New York Times bestselling author Karen Traviss's gripping Republic Commando series. As a battle-scarred era nears its end, a shattering power play is about to stun the entire galaxy . . . and set in motion events that will alter destinies and resound throughout history. Even as the Clone Wars are about to reach an explosive climax, no one knows if victory will favor the Grand Army of the Republic (GAR) or the Separatists. But no matter who wins, the stakes are highest for elite Special Ops clones like the Republic Commandos in Omega and Delta squads--and the notorious renegade Advance Recon Commando troopers known as Null ARCs. With Republic forces stretched to the max and casualties mounting, the last thing these beleaguered warriors need to hear is that Chancellor Palpatine is keeping vast armies of secret clone troops in reserve. Sergeant Skirata, a mentor to the clone commandos, has no intention of standing idly by while Palpatine sends them into battle like lambs to the slaughter. Skirata begins to plan the clones' escape from the GAR, but his heroic effort will be in vain unless he can reverse the clones' accelerated aging process. Caught in the treacherous dealings of their leaders, and locked in the battles of their lives, the disillusioned Null ARCs and Commandos nonetheless fight with everything they've got, determined to wrest victory from the Seps and save the galaxy. But even the deadliest weapons may not be powerful enough to defeat the real menace. And nothing will stop the apocalyptic horror unleashed when Palpatine utters the chilling words The time has come. Execute Order 66. Translation: The Jedi have tried to stage a coup, and all must be shot on sight. With their faith in the Republic and their loyalty to their Jedi allies put to the ultimate test, how will the men of Omega and Delta squads react to the most infamous command in galactic history? All the breathtaking action, suspense, and intrigue of Karen Traviss's Republic Commando series comes alive in Star Wars: Order 66. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

After the Republic falls and a black ops unit within Vader's own 501st Legion emerges, tasked to hunt down fugitive Jedi and clone deserters, old feuds must be set aside to unite against a far bigger threat in a savage new galactic order. Original.

At last—an analysis of the historical patterns that influenced the creation and storyline of the *Star Wars* saga. *Star Wars* took place long ago in a galaxy far, far away, but its epic stories are based on our own history. From Ancient Egypt and the Roman Empire to the French Revolution and the Vietnam War, *Star Wars and History* explores the major historical turning points, heroes, and villains in human history and their impact on the creation of the *Star Wars* saga. *Star Wars and History* shows how the atomic and hydrogen bombs led to the Death Star; how Princess Leia's leadership in the Rebel Alliance resembled the daring work of intrepid women in the French Resistance during World War II and the Mexican Revolution; historical parallels between the Jedi Code and Bushido as well as those linking the Jedi culture with that of the Templar Knights and other warrior monks; and all of the history that underlies the *Star Wars* galaxy. Read how our own civilization's civil wars, slavery, international corporation states, and teenage queens were transformed into the epic *Star Wars* history and discover how Tatooine reflects the lawless frontiers of the past and Coruscant our own history of glittering and greedy capitals. The first book devoted to analyzing the actual historical events in our past that influenced the creation of the space fantasy, *Star Wars Features* 11 essays by a wise "council" of history scholars, written in close collaboration with George Lucas and Lucasfilm. Gives new insights into central *Star Wars* characters and historical figures who helped inspire them (including Luke Skywalker, Princess Leia, Han Solo, Darth Vader, Obi-Wan Kenobi, Queen Amidala, Yoda, Jabba the Hutt, Lando Calrissian, Emperor Palpatine, and others) Includes both stunning photos from the Lucasfilm Image Archives and historical photos that demonstrate the parallels between both worlds Filled with fascinating historical comparisons and background that will take your experience of the *Star Wars* saga to a new level, *Star Wars and History* is an essential companion for every *Star Wars* fan.

"Within twenty-four standard hours we will sit firmly astride the communications link that connects the worlds of the Republic. . . . Our control will be a dagger thrust directly at Coruscant. This is the move that will win the war for us." With these ominous words, Pors Tonith, ruthless minion of Count Dooku, declares the fate of the Republic sealed. Commanding a Separatist invasion force more than one million strong, the cunning financier-turned-warrior lays siege to the planet Praesitlyn, home of the strategic intergalactic communications center that is key to the Republic's survival in the Clone Wars. Left unchallenged, this decisive strike could indeed pave the way for the toppling of more Republic worlds . . . and ultimate victory for the Separatists. Retaliation must be swift and certain. But engaging the enemy throughout the galaxy has already stretched Supreme Chancellor Palpatine's armies to the limit. There is no choice but to move against the surging waves of invading battle-droids on Praesitlyn with only a small contingent of clone soldiers. Commanding them will be Jedi Master Nejaa Halcyon—hand-picked by the Council for the do-or-die mission. And at his side, skilled young starfighter pilot Anakin Skywalker, a promising young Jedi Padawan eager to be freed of the bonds of apprenticeship—and to be awarded the title of Jedi Knight. Shoulder to shoulder with a rogue Republic army officer and his battle-hardened crew, a hulking Rondian mercenary with an insatiable taste for combat, and a duo of ready-for-anything soldiers, the Jedi generals take to the skies and the punishing desert terrain of occupied Praesitlyn—to bring the battle to the Separatist forces. Already outnumbered and outgunned, when confronted with an enemy ultimatum that could lead to the massacre of innocents, they may also be out of options. Unless Anakin Skywalker can strike a crucial balance between the wisdom born of the Force . . . and the instincts of a born warrior. Features a bonus section following the novel that includes a primer on the *Star Wars* expanded universe, and over half a dozen excerpts from some of the most popular *Star Wars* books of the last thirty years!

Chronicles all aspects of the militaries and major battles of the *Star Wars* universe, from the time before the Ancient Republic to the New Galactic Civil War and the Eternal War.

"Respect the teachers. They are like gods." This was taught to me by my mom, who is a teacher. "Respect the teachers for sure but if they don't behave like teachers, take you for granted always and start behaving like unethical monsters, then don't forget to make them realize by your actions that you are also human as they are, and sometimes you can also make mistakes as they did." This was taught to me by one of my mentors who is a school principal. I agree with both of them, because that's how the life is supposed to be lived. "Respect the teachers for sure and but if they don't behave.....and all the above I agreed to, but those who mentor you – your teachers, your parents, your peers, your bosses, even your juniors, trust me they are all biased for the one reason that they are all humans with one heart on the left side which can't be right for most of the practicalities of life and a brain at the top of their head which makes them think – sometimes for you and is most of the times trained naturally to prioritize for themselves and their people, and occasionally you might also be a 'rit' in their favorites so they are thinking in favor of you. I am no one to judge anyone's parents or teachers or bosses or relatives but why, why one of the kids becomes a better child for parents and why the teachers say, 'o that kid is not ranked high in my list?' Life in itself is a practice and you learn to live it better and better as you learn its principles and understand its simple complexities – just like playing a guitar, like playing video games, like understanding the female sex – the more you practice, the more near to perfect you become. But there is one more thing to it and that is that if I am intelligent and if I am mentally strong then I could not become anything – neither bad nor good, neither crook nor candid, neither a hero nor a zero. I can only curse myself sitting in a corner of a dark and shady room criticizing myself with a bitter and entirely rubbish but absolute truth and that is 'an intelligent and mentally strong man can NOT seriously become anything and that a fool and a weak can only make efforts to become something, to gain and to achieve and a lot of weakness and foolishness is required to run this world.' What achievement is an achievement, what mission is a mission without any challenges? And weak and foolish only MAKE themselves better, prepare to become strong and intelligent and plan to face the challenges and break the code. History is the biggest proof that everything that's done without planning could let the strongest loose easily and proper planning, accompanied with a long smooch of confidence and a touch of zeal could make a weaker be victorious. That's what I had learnt throughout my life after facing so many situations and problems till now and I am still learning the lessons of the game called life, not to win the wars but the hearts and that, my dear friends is this story for.... and this book is dedicated: To all those people who made me realize how delicate, beautiful, important, strong, powerful and deadly – IS the game of LOVE. I said 'game' of love because it is believed even in today's world, that love is strong and it's the strength of any relationship and it wins over all the obstacles and the ones who are against it; though it requires genuineness and sacrifices, but even that way, don't its definition makes love a game, with its own properties and rules? Every love story generally has a common theme - we see you meet, face challenges, fall in love, face challenges, even get married, face challenges and it's all a predictable dream. The last shot will show you and your lover with a family. That's it right? Well no. because I believe in mentioning something which is real, something from somewhere me and you belong –
