" 'Organizational behaviour' is one of the most established and engaging books of its kind available today. Whatever your background, Huczynski and Buchanan will enable you to view organizations and their actions in a whole new way. The authors' hugely popular blend of critical thinking, social science underpinning and highly accessible writing style ensures that this book offers the perfect introduction to organizational behaviour. 'Organizational behaviour' inspires readers to think and to reflect critically on the theories presented, teaching you to see the reality behind projected organizational images and link theory to practice. The text also recognizes the diverse social and cultural factors that affect behaviour in organizations. This eighth edition incorporates numerous innovative features that add further value to its comprehensive coverage of the field.

Organizational Behaviour

This book: Encourages readers to make comparisons between organizational behaviour theories and well-known scenes in film and literature that illustrate the issues in a memorable and engaging format. Offers exercises in each chapter that put you in the position of a manager faced with a decision, giving you the chance to make and justify your decisions in a realistic scenario. Includes innovative and increasingly relevant employability content that gives you the chance to develop the key skills you will need after graduation. Consistently incorporates illuminating examples from diverse and interesting organizations, such as BMW, FC Barcelona, and the United States Department of Homeland Security, helping you link the theory to practice. Includes the latest research, theory and practice, along with relevant contemporary issues and practical examples. This book

can be used by any student, either undergraduate or postgraduate, or professional and assumes no prior knowledge. It is the ideal comprehensive introduction to organizational behaviour."
-- From the back cover.

"Our target readers are students who are new to the social sciences and to the study of organizational behaviour. This is a core subject on most business and management degree, diploma and masters programmes. Accountants, architects, bankers, computer scientists, doctors, engineers, hoteliers, nurses, surveyors, teachers and other specialists, who have no background in social science, may find themselves studying organizational behaviour as part of their professional examination schemes"--

building by members preparing and eating food together Sexual harassment - the hidden costs for employers Agile organization - rapidly changing management structures in response to a turbulent environment Dis-org - Google's experiment of running a company without managers Do women make better leaders than men? - they have the right personality traits Detroit, Estée Lauder, McDonald's, Thai Union - case studies of successful organizational change Should leaders play politics, or be squeaky clean? - great leaders 'bend the rules'

This text takes a broad social science based approach to the study of organizational behaviour and management.

This popular textbook offers an inspiring and focused introduction to the study of

Download Free

Organizational Behaviour

organizational behaviour and management. The second edition builds on the fresh and innovative approach to the study of management and organization introduced in the first edition. To make the subject matter more relevant and accessible, it treats organizational behaviour as a field of activity that has many parallels with everyday life, particularly in relation to participating in organizations and institutions. Uniquely, this textbook presents two distinct and highly contrasting perspectives on organizational behaviour, discussing the alternative critical perspectives alongside the more traditional approaches, to encourage critical thinking and debate. Each chapter has been fully updated by specialist authors who are committed to thinking differently about the field of organizational behaviour. They effectively identify and explore the key

Organizational Behaviour

concepts that underpin this diverse subject in their respective chapters, utilising a range of international and everyday

examples. The second edition benefits from a new four-colour design and uses a variety of pedagogical features to engage students and provide a stimulating learning - and teaching - environment.

This text is ideal for use on introductory undergraduate and post graduate courses in Organizational Behaviour and Management. This textbook is autopackaged with CourseMate.

CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind

Organizational Behaviour

tool that monitors student engagement in the course.

This book offers a fresh and comprehensive approach to the essentials that constitute the discipline of organizational behaviour with a strong emphasis on the application of organizational behaviour and performance management in practice. It concentrates on the development of effective patterns of behaviour, values and attitudes, and relates these issues to effective organization performance in times of organizational and environmental change and turbulence. The book is divided into four parts, providing a clear structure for the study of the subject: Part One: The context of organizational behaviour Part Two: The disciplines of organizational behaviour Part Three: Organizational behaviour in practice Part Four: Organizational
