BBC - History - World Wars: D-Day: Beachhead

The Overlord Embroidery, echoing the Bayeux Tapestry created 900 years before to commemorate the reverse invasion of England from Normandy, is a narrative embroidery that depicts the story of the D-Day Landings of 6 June 1944 and the subsequent Battle of Normandy.

On June 6, 1944, the American and British armies staged the greatest amphibious landing history to being Operation Overlord, the battle for the liberation of Europe. Despite the Allies' absolute command of sea and air and vast firepower, it took ten weeks of fierce fighting for them to overpower the tenacious, superbly skilled German army. Now, forty years later, British war correspondent and military historian Max Hastings has drawn on many interviews and newly available documents to construct a dense, dramatic portrait of the Normandy invasion that overturns the traditional legends.

Max Hastings's "exceptional" (Kirkus Reviews, starred review) account of the famous World War II D-Day landings "[will] stand with that of the best journalists and writers who witnessed it" (The New York Times Book Review). On June 6, 1944, the American and British armies staged the greatest amphibious landing in history-called Operation Overlord-the battle for the liberation of Europe. Despite the Allies' absolute command of sea and air and vast firepower, it took ten weeks of fierce fighting for them to overpower the tenacious, superbly skilled German army. Forty years later, British war correspondent and military historian Max Hastings shares a dense, dramatic portrait of the Normandy invasion that overturns the traditional legends. First published in 1984, Overlord "will shock those who regard the invasion of Normandy and the subsequent battles as triumphs of American, British, and Canadian military heroism" (The New York Times). Instead, Hastings provides a brilliant, controversial perspective on the devastating battles, based on the eyewitness accounts of survivors from both sides, plus a wealth of previously untapped sources and documents. "A masterly book, rich in insight, shrewd and weighty in judgement...Max Hastings stands in the first rank of writers on modern war" (Financial Times).

From the scaling of Pointe-du-Hoc and the assault on Pegasus Bridge, to the landings on the Utah, Omaha, Gold, Juno, and Sword beaches, this new Campaign Book for Bolt Action allows players to take command of the Allied Forces or those of the defending Axis. Featuring new linked scenarios, rules, troop types, and Theatre Selectors, this volume provides plenty of options for both novice and veteran players looking to recreate these famous battles and begin the liberation of Europe.

Operation Overlord was the largest amphibious military operation ever launched: the greatest armada the world had ever seen was assembled to transport the Allied invasion force of over 150,000 soldiers across the Channel to Normandy and open the long-awaited second front against Hitler's Third Reich. Just after dawn on June 6, 1944, Allied troops assaulted the beaches of the Cotentin peninsula against stiff German resistance. Coordinated with the amphibious landings were airborne and glider landings, carrying out crucial orders to take key areas, enable the vital link-up between the beaches and secure the bridgehead. Casualties, especially on Omaha Beach, were horrendous, but the assaults were successful, and so began the arduous task of liberating Europe from Nazi occupation. For fans of Band of Brothers and Anthony Beevor's D-Day, military history enthusiasts and World War 2 historians, Overlord offers a detailed military account of the important campaigns in Normandy in 1944. The book provides a close analysis at the plans and build-up to the operation, and, accompanied by photos, maps and artwork, discusses the events of D-Day in each of the key areas of the operation.

6 June 1944: the date that marked the beginning of the end of the war in north-west Europe, and the day on which the liberation of France began. This lavishly illustrated book relives the story of D-Day, from the pre-invasion preparations through to the landings themselves and the subsequent battle for control of Normandy, all beautifully illustrated through an unparalleled collection of paintings, drawings and maps. However, it is not simply a collection of artwork: first and foremost it is a historically accurate recollection of events, painstakingly researched with the assistance of leading historians. Being illustrated by the world's leading military and aviation artists rather than photographs makes it a totally unique account and very different to any others. Much of the work included was produced exclusively for the book and many specially created maps and diagrams make the edition perfect for military enthusiasts and art collectors alike. These exceptional works help knit together this brief account of D-Day, serving as a lasting tribute to all who fought during the epic Normandy Campaign.

D-Day, 6 June 1944, the day on which the Allies landed on the beaches of Normandy with the intention of reclaiming mainland Europe from German occupation. The significance of the operation has captured the collective imagination to become the defining moment of World War Two and represents the ending to the struggles of the early twentieth century. D-Day in Numbers follows the course of the war in Europe from 1939 through to the D-Day landings and their aftermath, taking in the most poignant events and looking at each through the numbers involved. Each number signifies an important moment within a larger story as they are explained in the context of the surrounding events. And with the vast amount of planning that went into the execution of such an ambitious operation, the numbers involved are staggering, surprising and often inspiring. Broken down into chapters that set the scene of the war in Europe so far, the planning and preparation of D-Day, the landings, the battles and the aftermath. Discover the numbers that promised to change the balance of power in Europe, and indeed, the world, as Deliverance Day, 1944 got underway.

On 6 June 1944, the British and American armies staged the greatest amphibious landing in history to begin Operation Overlord, the battle for the liberation of Europe. Forty years later with the wealth of untapped sources and documents now available, the author offers a new study of D-Day and the Battle of Normandy which overturns a host of traditional legends.

Discusses the Allied invasion of Normandy, with extensive details about the planning stage, called Operation Overlord, as well as the fighting on Utah and Omaha Beaches.

The landing of Allied forces on the shores of Normandy on 6 June 1944 was the greatest amphibious invasion in history. Technology and innovation played crucial parts in the D-Day drama - from tank-carrying gliders, swimming tanks and the Mulberry harbors, to radio and radar aids that ensured landing craft arrived on the right beaches and combat aircraft overhead were controlled. This manual describes the development, construction and use of a wide range of innovative machines, structures and systems, explaining their uses on D-Day and after, and revealing how they contributed to the success of 'Overlord'.

Recounts the invasion of Normandy, shows the vehicles, uniforms, weapons, and equipment of the warring forces, and also looks at the aerial aspects of the invasion
