World Quest combines the drama and excitement of an episodic story, with real world texts and topics to accelerate students' progression. Your students will be enchanted by award winning author, Paul Shipton's episodic story at the beginning of each unit and they will want to know what happens next. Written especially for the course, the story introduces key vocabulary at the start of each unit as well as capturing students' attention. Read the stories aloud in class or listen to them on the class audio CDs. Give your students the vocabulary, grammar and practice they need to progress quickly in English. When students use English in the real world they are most likely to want to talk about their own lives and interests. World Quest provides them with the vocabulary and grammar to do this as well as plenty of practice.

An enchanting, exciting fantasy about a real-world girl searching for her sister in a land full of magic and strange creatures, blending the timeless feel of A Wrinkle in Time with Frozen's powerful themes of identity, enchantment, and sisterhood. Claire Martinson still worries about her older sister Sophie, who battled a mysterious illness last year. But things are back to normal as they move into Windermere Manor ... until the sisters climb a strange ladder in a fireplace and enter the magical land of Arden. There, they find a world in turmoil. The four guilds of magic no longer trust each other, the beloved unicorns have disappeared, and terrible wraiths roam freely. Scared, the girls return home. But when Sophie vanishes in the night, it will take all of Claire's courage to climb back up the ladder, find her sister, and uncover the unicorns' greatest secret. "Well written, often poignant and surprisingly relatable." - Kirkus Reviews "A hugely readable journey of cultural and spiritual discovery, sparkling with wit and wisdom." - Alistair McGrath "Carolyn Weber's memoir reads like a fast-paced novel. I loved the humor, skillful use of language and her compelling account of her steps to finding God at Oxford. I was totally captivated from beginning to end." - Marilyn Meberg Surprised by Oxford is the memoir of a skeptical agnostic who comes to a dynamic personal faith in God during graduate studies in literature at Oxford University. Carolyn Weber arrives at Oxford a feminist from a loving but broken family, suspicious of men and intellectually hostile to all things religious. As she grapples with her God-shaped void alongside the friends, classmates, and professors she meets, she tackles big questions in search of Truth, love, and a life that matters. From issues of fatherhood, feminism, doubt, doctrine, and love, Weber explores the intricacies of coming to faith with an aching honesty and insight echoing that of the poets and writers she studied. Rich with illustration and literary references, Surprised by Oxford is at once gritty and lyrical, both humorous and spiritually perceptive. This savvy, credible account of Christian conversion and its after-effects follows the calendar year and events of the school year as it entertains, informs, and promises to engage even the most skeptical and unlikely reader. "Surprised by Oxford is a sprightly contribution to the genre of spiritual memoirs in the vein of C.S. Lewis's Surprised by Joy and Lauren F. Winner's Girl Meets God. Carolyn Weber is an unconventional thinker whose engagingly told faith journey will speak to folks who still believe that thoughtful people cannot be Christian." - Lyle W. Dorsett

On a brilliant day in May, in the year 1868, a gentleman was reclining at his ease on the great circular divan which at that period occupied the centre of the Salon Carré, in the Museum of the Louvre. This commodious ottoman has since been removed, to the extreme regret of all weak-kneed lovers of the fine arts, but the gentleman in question had taken serene possession of its softest spot, and, with his head thrown back and his legs outstretched, was staring at Murillo's beautiful moon-borne Madonna in profound enjoyment of his posture. He had removed his hat, and flung down beside him a little red guide-book and an opera-glass. The day was warm; he was heated with walking, and he repeatedly passed his handkerchief over his forehead, with a somewhat wearied gesture. And yet he was evidently not a man to whom fatigue was familiar, long, lean, and muscular, he suggested the sort of vigor that is commonly known as "toughness." But his exertions on this particular day had been of an unwonted sort, and he had performed great physical feats which left him less jaded than his tranquil stroll through the Louvre. He had looked out all the pictures to which an asterisk was affixed in those formidable pages of fine print in his Badeker; his attention had been strained and his eyes dazzled, and he had sat down with an aesthetic headache.

How do you ensure your students have a full understanding of grammar use, meaning, and form? Using an inquiry-based approach to learning, Oxford Discover develops the communication skills and thinking skills students need for success in the 21st century. Who are your family and friends? Where can we see colors? How can we make music? Oxford Discover uses Big Questions such as these to tap into students' natural curiosity. It enables them to ask their own questions, find their own answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps students achieve near-native fluency in English. Oxford Discover gives teachers the tools to develop children's 21st century skills, creating young thinkers with great futures. Use with Show and Tell as part of 9-level course.
