The third magical bookwandering adventure in the nationally bestselling Pages & Co. series, featuring Tilly Pages as she journeys to Washington, DC, to wander inside the books at the Library of Congress. Perfect for fans of Inkheart and The Land of Stories. Tilly and Oskar embark on an impromptu trip to the Library of Congress in Washington, DC, in search of an elusive group of bookwanderers called the Archivists, who they believe are the key to restoring the balance and saving the British Underlibrary. Along the way, the friends realize that something strange is happening in the world of bookwandering: books are disappearing, people are forgetting their favorite stories, and stories are trying to drag Tilly into them. With a mysterious set of clues and some surprising new faces, Tilly and Oskar will need the help of some of their dearest fictional friends to be able to solve the mystery . . . and save bookwandering forever. Praise for Pages & Co.: The Bookwanderers: A USA Today Bestseller! A Barnes & Noble Book of the Month! A Fall 2019 Kids' Indie Next List Pick! The second magical bookwandering adventure in the nationally bestselling Pages & Co. series, featuring Tilly Pages as she journeys to France to wander inside a peculiar book of fairytales. Perfect for fans of Inkheart and The Land of Stories. Tilly and her best friend Oskar are bookwanderers: a remarkable group of people who, using the magical power of books, can travel inside any story they choose. But on a wintry visit to Paris, the friends wander inside a book of fairy tales to find that peculiar things are happening: characters are getting lost, stories are all mixed up, and mysterious plot holes are opening without warning . . . It's up to Tilly and Oskar to figure out what--or who--is behind the chaos. And after the friends come face-to-face with an old foe, they realize that villains can exist outside the pages of books . . . and that sometimes, you don't get to live happily ever after. Fourth in the modern-classic and bestselling bookwandering series for ages eight to twelve that celebrates all that is best in life: books, adventure, friendship - and cake.

From the New York Times bestselling author of The Midnight Library. A follow-up to Matt Haig's internationally bestselling memoir, Reasons to Stay Alive, a broader look at how modern life feeds our anxiety, and how to live a better life. The societies we live in are increasingly making our minds ill, making it feel as though the way we live is engineered to make us unhappy. When Matt Haig developed panic disorder, anxiety, and depression as an adult, it took him a long time to work out the ways the external world could impact his mental health in both positive and negative ways. Notes on a Nervous Planet collects his observations, taking a look at how the various social, commercial and technological "advancements" that have created the world we now live in can actually hinder our happiness. Haig examines everything from broader phenomena like inequality, social media, and the news; to things closer to our daily lives, like how we sleep, how we exercise, and even the distinction we draw between our minds and our bodies.

THE #1 NEW YORK TIMES BESTSELLER! Named a Most Anticipated Book of 2021 by Newsweek ? Oprah Magazine ? Marie Claire ? Parade ? PopSugar ? BookPage ? BookBub ? Betches ? SheReads ? Good Housekeeping ? BuzzFeed ? and more! Two best friends. Ten summer trips. One last chance to fall in love. From the bestselling author of Beach Read comes a sparkling new novel that will leave you with the warm, hazy afterglow usually reserved for the best vacations. Poppy and Alex. Alex and Poppy. They have nothing in common. She's a wild child; he wears khakis. She has insatiable wanderlust; he prefers to stay home with a book. And somehow, ever since a fateful car share home from college many years ago, they are the very best of friends. For most of the year they live far apart--she's in New York City, and he's in their small hometown--but every summer, for a decade, they have taken one glorious week of vacation together. Until two years ago, when they ruined everything. They haven't spoken since. Poppy has everything she should want, but she's stuck in a rut. When someone asks when she was last truly happy, she knows, without a doubt, it was on that ill-fated, final trip with Alex. And so, she decides to convince her best friend to take one more vacation together--lay everything on the table, make it all right. Miraculously, he agrees. Now she has a week to fix everything. If only she can get around the one big truth that has always stood quietly in the middle of their seemingly perfect relationship. What could possibly go wrong?

Tilly is seven and a half - and about to make history. When Tilly's dad builds a time machine in the shed there's only one place she really wants to go: back to her sixth birthday party, when she ate too many cupcakes and her mummy was still here. But then something goes wrong! Tilly's dad gets stuck in the past and only she can save him . . . Will they make it back in time for tea?

Lemony Snicket meets Roald Dahl in this riotously funny, deliciously macabre, and highly illustrated tale of a hungry beast, a vain immortal man, and a not-so-charming little girl who doesn't know she's about to be eaten. Beauty comes at a price. And no one knows that better than Ebenezer Tweezer, who has stayed beautiful for 511 years. How, you may wonder? Ebenezer simply has to feed the beast in the attic of his mansion. In return for meals of performing monkeys, statues of Winston Churchill, and the occasional cactus, Ebenezer gets potions that keep him young and beautiful, as well as other presents. But the beast grows ever greedier with each meal, and one day he announces that he'd like to eat a nice, juicy child next. Ebenezer has never done anything quite this terrible to hold onto his wonderful life. Still, he finds the absolutely snottiest, naughtiest, and most frankly unpleasant child he can and prepares to feed her to the beast. The child, Bethany, may just be more than Ebenezer bargained for. She's certainly a really rather rude houseguest, but Ebenezer still finds himself wishing she didn't have to be gobbled up after all. Could it be Bethany is less meal-worthy and more...friend-worthy?

The third magical bookwandering adventure in the nationally bestselling Pages & Co. series, featuring Tilly Pages as she journeys to Washington, D.C., to wander inside the books at the Library of Congress. Perfect for fans of Inkheart, The Land of Stories, and Story Thieves. Soon to be a television series!
