Diary of a Seducer records Johannes's discovery of a girl with the Shakespearean name Cordelia, whom he sets out to control. Intricately, meticulously, cunningly, the seduction proceeds. No detail is too small to escape Johannes. "She sits on the sofa by the tea table and I sit on a chair at her side. This position has an intimate quality and at the same time a detaching dignity." Less erotic than an intellectual depiction of seduction, Diary of a Seducer shows the casuist Kierkegaard in what he characterized as the aesthetic mode. A new introduction by Michael Dirda puts this influential novella into high relief.

The creator of the "Mystery Method" introduced in Neil Strauss's best-selling The Game imparts salacious techniques for picking up and seducing women, in a guide that also shares extreme stories from Mystery's life. TV tie-in.

Pick Up Artists learnt about girls in school while you were in your room cramming for your exams' - Now they have all the girls and no money - and you have all the money but no girls ... " "...the best men are often the worst at approaching and seducing...for a women it sometimes takes two tequilas before good looking Joe Normal by the water cooler stops acting like such a "damm "wimp"... Pick Up Artists are full of bullshit! What women really want and why men are so bad at approaching. The mindset men need for women - Why a woman's "boyfriend material" acts so "creepy". "...men have always loved to hunt. 100 years ago they hunted tigers. Men who hunted years displayed the skin of the dead tiger with especial pride. A tiger hunter was greatly respected by his fellow man and held in awe by women. This was because tiger hunting was damn dangerous. Ok the man had a heavy calibre rifle capable of packing a tiger stopping bullet of over 4,000 joules (if you don't know guns - that's a friggin' big bullet). But to hit the tiger with that "friggin' big bullet", he had to... - Recognize the threat, - Find out where the threat is coming from. - Release the safety catch. - Move their body and point the gun at the threat. - Take aim (at a fast moving target). - Fire and hit the tiger in a part of the body that would kill it instantly. While this was happening the tiger has the advantage of... - Natural camouflage - Being an excellent natural hunter and stalker - Able to move over short distances very very fast. - Kill instantly, violently and quickly. No wonder tiger hunters were so respected. To kill a tiger you had to have big, big balls. This was not just "fun" it carried a very real possibility of a swift and very gory death. To hunt tigers the man had to have more than just a good gun. They had to have knowledge. They had to "Know the Beast": Know its nature, its habits and its powers. The gun was not enough. The same is your fear of rejection by a woman. That is your "beast". To cope with rejection you must "know the Beast". You must recognize its power. Forget what you have been told about how you should feel if a woman rejects you. She is rejecting you for sex. Sex is your most important mission, more important than defending yourself and your friends, more important than being a provider. The pain is real, the pain is powerful, it is strong. Rejection is more damaging to your self-esteem than being called a coward, more hurtful than being fired by your boss for incompetence. Stop telling yourself that it's not personal, that she is not in the mood, that she is weird / frigid etc. It's you; yes you absolutely and personally. Your manliness has been measured, judged and evaluated and come up wanting. End of story! Your coping strategy is to "know the beast" and your sense of duty and mission. The tiger hunter who hunted with a rifle for sport was considered to have big balls. Brave hunters, the most respected defended their loved ones in the tribe with no more than a spear - they were adored by their peers and idolized by the women - they had to have wheelbarrows to carry their balls. But those with the greatest balls, those whose feats were told through generations who were held up to be great hunters/ warriors. Those whose names are mentioned in hushed tones by their grandchildren and great grandchildren? They are the warriors that past their prime, with weakened arms and trembling knees, with their eyesight cloudy and their strength faded still walked out of the village to confront the Beast and in doing so to fulfil their destiny and their duty. There is no wheelbarrow built big enough to carry their balls! ..."

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, The Subtle Art of Not Giving A F*ck, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In Models he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullsht and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck. . . . He's as painfully honest as he is outrageously funny" Huffington Post
