A unique effort by Plato in which he challenges the readers to question their concepts regarding "virtue". Author himself questions his character "Meno" about virtue. The dialogue seems to stray from reason at certain points and turns towards the mystical. Reading Plato, answers many questions and exposes the framework of so many later writers of history. A classic that should be reflected upon.

Expounding upon, 'The Republic, ' the earlier work of his teacher Plato, Aristotle in 'Politics' examines the various options for governance and their respective values. A detailed and pragmatic approach to the subject, Aristotle's 'Politics' provides much of the foundation for modern political thought

A bracingly provocative challenge to one of our most cherished ideas and institutions Most people believe democracy is a uniquely just form of government. They believe people have the right to an equal share of political power. And they believe that political participation is good for us-it empowers us, helps us get what we want, and tends to make us smarter, more virtuous, and more caring for one another. These are some of our most cherished ideas about democracy. But Jason Brennan says they are all wrong. In this trenchant book, Brennan argues that democracy should be judged by its results-and the results are not good enough. Just as defendants have a right to a fair trial, citizens have a right to competent government. But democracy is the rule of the ignorant and the irrational, and it all too often falls short. Furthermore, no one has a fundamental right to any share of political power, and exercising political power does most of us little good. On the contrary, a wide range of social science research shows that political participation and democratic deliberation actually tend to make people worse-more irrational, biased, and mean. Given this grim picture, Brennan argues that a new system of government-epistocracy, the rule of the knowledgeable-may be better than democracy, and that it's time to experiment and find out. A challenging critique of democracy and the first sustained defense of the rule of the knowledgeable. Against Democracy is essential reading for scholars and students of politics across the disciplines. Featuring a new preface that situates the book within the current political climate and discusses other alternatives beyond epistocracy, Against Democracy is a challenging critique of democracy and the first sustained defense of the rule of the knowledgeable.

Gathers translations of Plato's works and includes guidance on approaching their reading and study

A lively dialogue between a foreign philosopher and a powerful statesman reflects the essence of Platonic reasoning on political theory and practice. It also embodies the philosopher's practical ideas about a utopian republic.

Presents the most important of the Socratic dialogues as if it were a conversation; deals with the creation of an ideal commonwealth and ranks as one of the earliest Utopian works.

Gear up to crush the GED Social Studies Test Does the thought of taking the GED Social Studies Test send shivers down your spine? Fear not! With the help of GED Social Studies Test For Dummies, you'll get up to speed on the new structure and computer-based format of the GED and gain the confidence and know-how to pass the Social Studies Test like a pro. Packed with helpful guidance and instruction, this hands-on test-prep guide covers the concepts covered on the GED Social Studies Test and gives you ample practice opportunities to assess your understanding of Civics and Government, History, Economics, and Geography. Designed to test your understanding of the fundamentals of social studies reasoning and the ability to apply those fundamentals in realistic situations, the GED Social Studies Test can be tough for the uninitiated. Inside, you'll find methods to sharpen your vocabulary and writing skills, tips on how to approach GED Social Studies Test question types and formats, practice questions and study exercises, and a full-length practice test to help you pinpoint where you need more study help. Presents reviews of the GED Social Studies test question types and basic computer skills Offers practice questions to assess your knowledge of each subject area Includes one full-length GED Social Studies practice test Provides scoring guidelines and detailed answer explanations Even if Social Studies is something that's always made you wince, GED Social Studies Test For Dummies makes it easy to pass this crucial exam and obtain your hard-earned graduate equivalency diploma.

Benjamin Jowett's translations of Plato have long been classics in their own right. In this volume, Professor Hayden Pelliccia has revised Jowett's renderings of five key dialogues, giving us a modern Plato faithful to both Jowett's best features and Plato's own masterly style. Gathered here are many of Plato's liveliest and richest texts. Ion takes up the question of poetry and introduces the Socratic method. Protagoras discusses poetic interpretation and shows why cross-examination is the best way to get at the truth. Phaedrus takes on the nature of rhetoric, psychology, and love, as does the famous Symposium. Finally, Apology gives us Socrates' art of persuasion put to the ultimate test--defending his own life. Pelliccia's new introduction to this volume clarifies its contents and addresses the challenges of translating Plato freshly and accurately. In its combination of accessibility and depth, Selected Dialogues of Plato is the ideal introduction to one of the key thinkers of all time.
