Poe ' s preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe ' s most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

Fill in the gaps of your Common Core curriculum! Each ePacket has reproducible worksheets with questions, problems, or activities that correspond to the packet ' s Common Core standard. Download and print the worksheets for your students to complete. Then, use the answer key at the end of the document to evaluate their progress. Look at the product code on each worksheet to discover which of our many books it came from and build your teaching library! This ePacket has 6 activities that you can use to reinforce the standard CCSS RI.7.2: Central Ideas. To view the ePacket, you must have Adobe Reader installed. You can install it by going to <http://get.adobe.com/reader/>.

Everything students need to know to succeed on the AP Psychology Exam.

From 1929 to the latest issue, American Literature has been the foremost journal expressing the findings of those who study our national literature. The journal has published the best work of literary historians, critics, and bibliographers, ranging from the founders of the discipline to the best current critics and researchers. The longevity of this excellence lends a special distinction to the articles in American Literature. Presented in order of their first appearance, the articles in each volume constitute a revealing record of developing insights and important shifts of critical emphasis. Each article has opened a fresh line of inquiry, established a fresh perspective on a familiar topic, or settled a question that engaged the interest of experts. "The articles in each volume are presented in the order of their first appearance in American Literature and each opens a fresh line of inquiry, establishes a fresh perspective on a familiar topic, or settles a question that engaged the interest of experts. The selections are the most enduring work still useful for the study and teaching of important literary figures, or of an intellectual movement, motif, or genre. They represent the full range of thought from the scholarship that created the discipline and upon which much of the current work rests."--Dorys Crow Grover, Western American Literature Partial Contents Poe as Social Critic (1934)/Ernest Marchand Edgar Allan Poe: A Crisis in the History of American Obscurantism (1937)/Vvor Winters Poe and the Chess Automaton (1939)/W.
