The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

One of the most explosive photography projects of the 1970s was a series shot by Colin Jones for the

London Sunday Times. The pictures record life at the Harambee Project, a hostel for troubled black youth in Holloway, north London, which became known to its residents as The Black House. Appearing for the first time in book form, these images are no less haunting today than they were nearly thirty years ago. In rich duotone, they capture the dignity and fierce beauty of a community shunned by society, and faced with a bleak future. "They were the hardest people I've ever had to photograph," comments Jones on the assignment. "They trusted no one." The intimacy of these images belies that statement, for clearly the inhabitants of The Black House came to trust Jones. Narrated with an illuminating text from acclaimed novelist and writer Mike Phillips, *The Black House* is at once a searing portrait of social unrest and a powerful testament to the camera's eloquence.

The story is often labelled a sequel to "How to Write a Blackwood Article", and deals with Signora Zenobia, who comes across a stately cathedral and a giant clock, that soon will take her life. Both horrifying and hilarious, "A Predicament" is a bizarre story indeed, satirical in its entirety, verging on the nonsensical and the absurd. An extremely funny read, the story is definitely a dark comedy that continues the heroine's predicament from the previous tale. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

spectacular title bout in the blood-soaked history of Hollywood. "This book documents in rare detail the back-room haggling and the attempted ego-bashing that is part of the movie business." Gene Siskel; "Told with the passion of an advocate yet with the objectivity of a crack reporter, The Battle of Brazil is a chilling, inevitably hilarious account of a great film that almost got away." USA Today.
