You need to charge the batteries individually with an automotive battery charger until they produce enough voltage for the charger to turn on. You can also use jumper cables to connect your battery pack with another golf cart of the same voltage. The current will pass from the other cart to yours and show the charger enough voltage to turn on.

Oil speculator Weldon Sonnier is the patriarch of a troubled family intimately bound to the CIA, the Mob, and the Klan. Now, the murder of a cop and a bizarre assassination attempt pull Detective Dave Robicheaux into the Sonniers' hellish world of madness, murder, and incest. But Robicheaux has devils of his own—and they may just destroy the tormented investigator and the two people he holds most dear.

In his last play published posthumously the late Francis Imbuga presents the dramatic dialogue of his characters as mind games. In addition to using a narrator, Sikia Macho, to fill us in on the broken politics of Kafira, centring around detention without trial, Imbuga deliberately delays the inciting action, the formation of the Green Party of Kafira which then challenges the hitherto political monolith called the National Party. The candidate of the new party, former detainee Pastor Mgei, wins the election, and thereby dethrones the so-called Chief of Chiefs. In *The Green Cross of Kafira*, Imbuga, with a renewed sense of urgency, addresses the theme of dictatorship in Africa, and completes his trilogy of the Kafira plays which begins with *Betrayal in the city* followed by *Man of Kafira*.

The battle to save the kingdoms devastated by the Plague culminates in this exhilarating finale to the Whispers from Mirrowen trilogy. If there is anything more dangerous than the Plague itself, it is the journey that awaits those sworn to stop it. Tyrus, the renegade magic-wielder exiled from Kenatos, knows this firsthand. His original mission through the Scourgelands met a tragic end, leaving him as the sole survivor. Now all hope lies with his daughter, Phae, the uniquely gifted Dryad-born who can not only steal memories but also summon the power of the fireblood--and who alone has the power to breach the lost gate of Mirrowen. But first Phae and the comrades who have come to her aid must survive the most dangerous place on earth: the Scourgelands. The menacing woods prove every bit as treacherous as reputed. Murder, sacrifice, deception, and an epic battle with a beast ensue. Will Phae reach the land beyond the grasp of the deadly Plague...or will the

quest through the Scourgelands end in tragedy once again?
