learning process from motivation to mastery. It motivates students to learn, provides practice opportunities to better prepare for exams, and helps students achieve mastery with tools to help them make connections and see the big picture. The Complete Learning System in CORPORATE FINANCIAL ACCOUNTING is built around the way students use textbooks to learn, study and complete homework, allowing them to achieve ultimate success in this course. The most significant changes for this edition involve the inclusion of the new revenue recognition standard. The end goal of Warren/Reeve/Duchac's CORPORATE FINANCIAL

accounting techniques as applied to manufacturing and service businesses. The authors ensure students master fundamentals before progressing to more complex topics. Students begin with job order costing, and advance to process costing before delving into specialized topics, such as budgeting, standard costing and variance analysis, costing for service businesses, and cost analysis for management decisions. The book introduces concepts in small, manageable sections that are immediately reinforced with proven questions, demonstration problems, exercises, and self-study quizzes. Updated
