Do the numbers suffusing the day of September 11th have occult significance? Why are the numbers 11, 77, 93, and 175 extremely significant in understanding the event? How did Aleister Crowley influence the events of 9/11, considering the fact that he died in 1947? How did Aleister Crowley inspire the doctrines of the New World Order? The answers to these questions is contained in the riveting book Prophet of Evil: Aleister Crowley, 9/11 and the New World Order.

The infamous occult practitioner, Edward Alexander "Aleister" Crowley has cast a long shadow over the history and culture of the 20th century. The information included in Aleister Crowley: A Visual Study illustrates this fact. As the foremost accumulator of occult knowledge in the late 19th and early 20th Century, Crowley based his writings upon prior magicians, writers, and philosophers, incorporating their ideas, and his own, into a new religion for a New Age. This book details Crowley's progression from a self-described childhood in hell, to notorious magician, to drug-addled middle age as the Great Beast, and on to his final years living in an upscale boarding house in southern England. As this visual study confirms, a copious amount of photographic and newspaper evidence still remains concerning the Beast 666-Aleister Crowley.

In the book Children of the Beast, author William Ramsey traces the influence of the Great Beast, Aleister Crowley, upon the culture and history of the Twentieth Century and the New Millennium. Based upon a vast examination of diverse sources, Ramsey exposes how varied individuals such as Adolf Hitler, Ian Fleming, Arthur C. Clarke, H. R. Giger, Timothy Leary and David Bowie are connected to and influenced by Aleister Crowley, the Prophet of the New Age. Packed with original research and containing unique insights into the lives of famous personalities, Children of the Beast grasps the immense impact of Aleister Crowley upon modern history.

Abomination: Devil Worship and Deception in the West Memphis Three Murders provides a detailed, time-lined analysis of the murder that shocked the nation: the heinous killing of three eight year old boys in West Memphis, Arkansas on May 5th, 1993. A wall of deception has led the American public to erroneously believe that the three men were falsely accused and convicted for the crime. Unfortunately, this is not true. William Ramsey, author of Prophet of Evil: Aleister Crowley, 9/11 and the New World Order, provides shocking insights into the lives of the convicted murderers and their involvement with witchcraft. Relying on actual court and police records, William Ramsey shows that the evidence abundantly points to the guilt of the West Memphis Three.

Aleister Crowley and Dion Fortune were two of the most controversial and powerful occultists of the 20th century. Crowley was regarded by many as a creature of the night, albeit one whose soul was streaked with brilliance; Fortune was viewed as one of the Shining Ones, who nevertheless wrestled with her own darkness. Between them they produced some of the best books on magick ever written, and their influence upon contemporary magicians has been profound. Written by occult scholar Alan Richardson, this unusual and provocative book draws upon unpublished material to reveal little-known aspects of Crowley and Fortune's relationship, and their role as harbingers of sweeping cultural changes--foreshadowing the women's movement, the sexual revolution, and 1960s counterculture--as well as other surprising influences upon our present culture.

Aleister Crowley (1875-1947) is one of the most famous and significant authors in the history of western esotericism. Crowley has been long ignored by scholars of religion whilst the stories of magical and sexual practice which circulate about him continue to attract popular interest. "Aleister Crowley and the Temptation of Politics" looks at the man behind the myth - by setting him firmly within the politics of his time - and the development of his ideas through his extensive and extraordinarily varied writings. Crowley was a rationalist, sympathetic to the values of the Enlightenment, but also a romantic and a reactionary. His search for an alternative way to express his religious feelings led him to elaborate his own vision of social and political change. Crowley's complex politics led to his involvement with many key individuals, organisations and groups of his day - the secret service of various countries, the German Nazi party, Russian political activists, journalists and politicians of various persuasions, as well as other writers - both in Europe and America. "Aleister Crowley and the Temptation of Politics" presents a life of ideas, an examination of a man shaped by and shaping the politics of his times.

Do What Thou Wilt: An exploration into the life and works of a modern mystic, occultist, poet, mountaineer, and bisexual adventurer known to his contemporaries as "The Great Beast" Aleister Crowley was a groundbreaking poet and an iconoclastic visionary whose literary and cultural legacy extends far beyond the limits of his notoriety as a practitioner of the occult arts. Born in 1875 to devout Christian parents, young Aleister's devotion scarcely outlived his father, who died when the boy was twelve. He reached maturity in the boarding schools and brothels of Victorian England, trained to become a world-class mountain climber, and seldom persisted with any endeavor in which he could be bested. Like many self-styled illuminati of his class and generation, the hedonistic Crowley gravitated toward the occult. An aspiring poet and a pampered wastrel - obsessed with reconciling his quest for spiritual perfection and his inclination do exactly as he liked in the earthly realm - Crowley developed his own school of mysticism. Magick, as he called it, summoned its users to embrace the imagination and to glorify the will. Crowley often explored his spiritual yearnings through drug-saturated vision quests and rampant sexual adventurism, but at other times he embraced Eastern philosophies and sought enlightenment on ascetic sojourns into the wilderness. This controversial individual, a frightening mixture of egomania and self-loathing, has inspired passionate - but seldom fair - assessments from historians. Lawrence Sutin, by treating Crowley as a cultural phenomenon, and not simply a sorcerer or a charlatan, convinces skeptic readers that the self-styled "Beast" remains a fascinating study in how one man devoted his life to the subversion of the dominant moral and religious values of his time.

At last, the unexpurgated, true story of the amazing Aleister Crowley—philosopher, poet, artists, writer, magus, explorer, parapsychology—and spy. Packed with fresh research and previously unpublished 'Crowleyana.' For 100 years, Aleister Crowley's true achievements have been suppressed and his true character defaced in a campaign of vilification unparalleled in British history. Until now, Crowley's life has not been written—it has been written over. Tobias Churton is a world authority on Freemasonry, Rosicrucianism, and Gnosticism. In writing Aleister Crowley, he enjoyed complete access to all Crowley's restricted papers, unpublished letters and personal diaries kept in a trust at London's Warburg Institute and in the Ordo Templi Orientis archives. Ninety percent of the authentic material here has never before been published.

"Light illuminates the path of humanity: it is our own fault if we go over the brink." -Aleister CrowleyAleister Crowley was a noted and controversial occultist, ceremonial magician and poet. He has been called "the wickedest man in the world, or "The Great Beast 666, or "The Master Therion", but he remained a highly influential figure over Western esotericism and the counterculture. "Diary of a Drug Fiend", is his first published novel, and is also reportedly the earliest known reference to the Abbey of Thelema in Sicily. Crowley took as his example Dante's "Divine Comedy" partitioned off in three parts of the same triptych: PARADISO, INFERNO, & PURGATORIO, which affords him to delineate all these aspects of what it is to be a drug fiend. The story is enchanting and you are swept up into the pages about the ecstasy and agony of drug usage. The realism presented here no doubt stemmed from Crowley's own dabbling with the various powders. Intoxicating, powerful, often incredibly disconcerting, this book is a tour de force by a truly great novelist. In summation, this unusual book is a classic must-read among lovers and aspirants of Literature, scholars and historians in the field of drug addiction and psychology. This novel is also recommend to students of the occult, as it serves as an excellent introduction to the Doctrine of Thelema.
