This book explores the interface that exists between the human energy field and the Universal Field of energy in which we live. It shows how these fields can be utilised for distant diagnosis and treatment. It also illustrates that the surest and most effective way to ameliorate a defect in any biological system, is to modulate the interacting and interdependent energy fields by way of the chakras. The same energy fields can be used to take photographs of distant objects, particularly the energy structures of living human tissues and pathological states existing in them. The vibratory patterns and potencies of homoeopathic remedies can also be drawn from the ether-fields and impregnated into neutral substances such as water or alcohol solutions which have a capacity for memory. Radionics is a healing art that links the physical world with the unseen worlds lying beyond the physical senses. Diagnostically it probes to the levels of causation of disease; therapeutically it is gentle and non-invasive.

Radionics is defined as a method of diagnosis and therapy which is primarily concerned with the utilization of subtle force fields and energies, for the purpose of investigating and combating the causes of disease which ravage humanity and the other kingdoms of nature. But in examining the history and development of radionics from the pioneering work of Dr Albert Abrams and Ruth Drown to the latest experimental work at the de la Warr Laboratories, David Tansley discovered a curious paradox. In literature on the subject, and in the rare books which provide the very core of radionic therapeutic measures, there are plenty of references to man's physical organic systems, but little regarding the probability of underlying force fields which might govern and determine the health of the physical form. This book represents an informed endeavour to redress the balance by providing a simple yet practical outline of the subtle anatomy of man. The theory is not new: Abrams diagnosed at a distance, and Drown treated absent patients. David Tansley believes that the time is ripe for radionics to bear witness to an energy field of a more subtle nature: that is, in fact, its innate purpose.

Written by the foremost experts in the field of radionics (in collaboration with Malcolm Rae and Aubrey T. Westlake), this volume is a definitive work on the subject. It details the subtle energies and patterns of the human body with emphasis upon diagnosing the spiritual, mental and physical states of the individual through the ether fields.

We live in an age of unprecedented flourishing of technology in medicine. So why are we experiencing such epidemic levels of pain, disease, emotional and mental stress, and just plain old poor health--and often at such uncommonly young ages? Searching to answer these questions, we turn to every possible medical specialty and lifestyle cause, looking for clues. After guiding thousands of patients on their journeys back to health, Dr. Linda Lancaster has discovered that it is the interplay of invisible forces such as chemicals, heavy metals, radiation, and opportunistic parasites--the "Five Culprits"--worms, fungus, bacteria, micro-parasites, and viruses, that are the cause of many of the health struggles we experience today. This fundamental dynamic is the origin of most of the symptoms she has seen, including chronic exhaustion, digestive distress, painful joints, infertility, eczema, and mysterious conditions like Lyme Syndrome. If you have experienced any of these symptoms, you know how the physical experience affects your emotional wellbeing. But it doesn't have to be that way. You can begin to take your life back with Harmonic Healing. In this six-week foundational program, you will learn how to cleanse your liver, neutralize environmental pollution, revitalize your energy and return to a balanced state of health, using solely nontoxic, inexpensive, and natural protocols. With nourishing recipes, therapeutic baths, and gentle homeopathic and household remedies, Harmonic Healing helps clear the path for your journey back to health and well-being.
